RMM Solutions Recognized for Excellence in Managed IT Services

Wausau, Wisconsin February 28, 2018 – RMM Solutions, announced today that CRN®, a brand of The Channel Company, has named RMM Solutions to its 2018 Managed Service Provider (MSP) 500 list in the MSP Elite 150 category. This annual list recognizes North American solution providers with cutting-edge approaches to delivering managed services. Their offerings help companies navigate the complex and ever-changing landscape of IT, improve operational efficiencies, and maximize their return on IT investments.

In today's fast-paced business environments, MSPs play an important role in helping companies leverage new technologies without straining their budgets or losing focus on their core business. CRN's MSP 500 list shines a light on the most forward-thinking and innovative of these key organizations.

The list is divided into three categories: the MSP Pioneer 250, recognizing companies with business models weighted toward managed services and largely focused on the SMB market; the MSP Elite 150, recognizing large, data center-focused MSPs with a strong mix of on-premises and off-premises services; and the Managed Security 100, recognizing MSPs focused primarily on off-premise, cloud-based security services.

RMM Solutions offers a comprehensive on-premises technology portfolio accompanied by enterprise-class cloud and managed services offerings which include data protection, hosting and infrastructure on demand. RMM's SOC-compliant data centers deliver highly available, scalable, and secure solutions to meet stringent customer requirements. RMM provides flexible and scalable managed services that meet each customer's needs. With access to an experienced team on the Help Desk and NOC, customers gain efficiencies and agility by working with RMM Solutions.

"Managed service providers have become integral to the success of businesses everywhere, both large and small," said Bob Skelley, CEO of The Channel Company. "Capable MSPs enable companies to take their cloud computing to the next level, streamline spending, effectively allocate limited resources and navigate the vast field of available technologies. The companies on CRN's 2018 MSP 500 list stand out for their innovative services, excellence in adapting to customers' changing needs and demonstrated ability to help businesses get the most out of their IT investments."

RMM Solutions' approach of providing end-to-end technology solutions has led the way to true transformation for our clients. We take a consultative approach by working with our clients to design, implement and manage technology. Our team of trained professionals truly understands transformational technology and how it relates to today's ever changing business environment. "Our comprehensive hosting and managed services offerings, bolstered by our tiered security solutions, allow us to provide unparalleled security and managed services for all of our clients and truly set us apart", states Rimon Moses, CEO and Owner. "We are honored to be selected to the CRN MSP Elite 150 list."

The MSP500 list will be featured in the February 2018 issue of CRN and online at www.CRN.com/msp500.
