

**CONSENT TO PROCESSING OF PERSONAL DATA
- CONSUMER VERSION SWEDEN**

1. BACKGROUND

QbCheck is an online software tool used for assessing the three core symptoms of ADHD – hyperactivity, inattention and impulsivity – in children, adolescents and adults. The tool is used to support diagnosis of ADHD, but is not designed to be a stand-alone tool for diagnosis.

QbCheck is provided by Qbtech AB, 556624-6996, Kungsgatan 29, 111 56 Stockholm (“Qbtech”).

This text describes what personal data Qbtech stores about persons performing and/or paying for a QbCheck test, and on what conditions. If you are the legal guardian of the person performing the QbCheck test, what is set out below applies also to personal data concerning the test person.

2. COLLECTION OF PERSONAL DATA

In order to pay for and receive the test result, you will be asked to provide your name, email address, address, credit/debit card information and your cell phone number. Your cell phone number is used in order to verify your identity, via a code sent to you per SMS.

This information identifies you as an individual, and may also be used to identify the test person. This information is therefore considered personal data under the Swedish Personal Data Act (*Sw. personuppgiftslagen (1998:204)*).

When combined with your, respectively the test person’s test data, this information will allow Qbtech to tie the test results to you respectively to the test person.

3. PROCESSING OF PERSONAL DATA

Qbtech is the data controller for all personal data about you which is processed within QbCheck, and will process such personal data for the purpose of allowing you to perform a QbCheck test, and for you to pay for and receive a QbCheck test result.

Once Qbtech has provided you with the QbCheck test result, Qbtech will continue to process your personal data for the purpose of performing quality assurance of the QbCheck test process and legal or regulatory purposes, such as allowing a regulatory authority to audit its business.

Your personal data will also be processed for the purpose of allowing Qbtech to respond to any questions or complaints from you, and provide you with communication, such as newsletters and advertisements on the QbCheck web site. Such communication may pertain to products and/or services provided by Qbtech, or by its partners.

As further described under the section “third party access to personal data”, your personal data will however not be transferred or made available to third parties for commercial purposes. Each communication sent to you by Qtech will contain a link or similar technology allowing you to opt out from receiving any further advertisement communication from Qbtech.

Any processing of your personal data will be in compliance with the Swedish Personal Data Act.

4. THIRD PARTY ACCESS TO PERSONAL DATA

Your personal data will be made available for Qbtech's authorised personnel and consultants providing the QbCheck services. Qbtech may also transfer your personal data to a sub-contractor which supports Qbtech in the processing of your personal data, such as suppliers of data storage services.

With this exception, no personal data pertaining to you will be transferred or made available to third parties, except if required to fulfil legal requirements towards public authorities and the like. Accordingly, Qbtech will not sell, lease or license your personal data to any third party.

5. ANONYMISATION OF TEST DATA

Provided that Qbtech permanently removes all your personal data from the records of the test results, thereby permanently anonymising your test data completely, Qbtech may use the test results rendered by QbCheck freely. In case of such processing, you will not be identifiable as an individual, and Qbtech will not be able to tie the test results to you.

6. YOUR RIGHTS

If you have questions concerning Qbtech's processing of your personal data, would like to withdraw your consent to Qbtech's processing of your personal data or would like Qbtech to correct erroneous information, you may contact Qbtech at personaldata.qbcheck@qbtech.com.

In addition, you have the right to once annually request information on Qbtech's processing of your personal data. Such a request shall be made in writing to Qbtech. Qbtech will provide this information to you free of charge.

If you are under 18 years old, the decision to accept processing of your personal data as described herein must be taken by your guardian(s).

7. CONSENT

By checking the box you confirm that you have received the information above and consent to the following:

- That personal data about you, and if applicable the test person (other than you), is processed within QbCheck for the purposes described above;
 - That you, if applicable, have the power to enter into this agreement also on behalf of the test person's other guardian;
-
