A Professional Voice for Your Business

Ideal as a Permanent Phone Answering Solution or as a Support Service During Those Busy Periods and Time Off

Business 24/7 is a **professional phone answering and message service** that can be answered in a personal or a business name. Once the phone call is answered by the live operator a message is taken and forwarded via email and SMS. Our operators and the call centre are **based in Australia** and the service can be tailored to your business requirements.

It's ideal for small business operators who want to project a professional image and may be used as an alternative to voicemail or as a dedicated business answering service. Other businesses may use it as an after hours service and for emergency calls. It's also ideal for call overflow and temporary call diversions of the main business line, especially during those busy periods or to relieve the reception staff.
