

Company Overview

Cohesive is an enterprise asset management and performance management solution provider. We enable our customers to achieve greater performance and greater profitability by unlocking the hidden potential that exists within their business.

Who We Are

Cohesive combines decades of industry experience, a proven delivery methodology, and best-in-class software technologies. The result — powerful solutions that improve enterprise performance by optimizing asset availability and delivering unique objective-driven data. Our significant experience and innovative performance solutions enable us to align business processes with operational objectives, unlock the untapped potential that exists within the customer's enterprise systems, and maximize the return on technology investments.

Cohesive Solutions helps organizations increase performance and profitability through the application of Enterprise Asset and Performance Management solutions. Our Enterprise Asset Management solutions, powered by IBM Maximo, provide a single point of control over all types of assets within the organization, and optimize the investments in them.

Solutions:

Maximo Enterprise Asset Management

Cohesive is a leading provider of IBM Maximo Software, the most powerful Enterprise Asset Management (EAM) solution available today. IBM Maximo unifies comprehensive asset life cycle and maintenance management on a single platform. Optimize your assets and your business in six tightly integrated modules:

- Asset Management
- Work Management
- Service Management
- Contract Management
- Inventory Management
- Procurement Management

Propel Performance Management

Propel enables organizations to visualize and manage performance so they can reduce risk, manage outcomes, and achieve operational excellence.

Industries we Serve:

Oil & Gas

Utilities

Manufacturing

Aerospace & Defense

Public Sector

Facility Management

Cohesive Solutions - Unlocking Potential. Achieving Results.

Maximo Services:

Maximo Consulting

Cohesive consultants offer solutions which provide the greatest visibility into asset health, organizational performance, and knowledge management.

Maintenance and Support

Cohesive offers FIRSTCall™ customer support, as well as Phone-a-Friend with support from certified Maximo experts.

Implementation

Our implementation delivery is steeped in industry expertise, Maximo product skills, a proven methodology, and seasoned leadership.

Training

Cohesive provides hands-on classroom training from experienced consultants with a unique combination of Maximo knowledge, multiple years of industry experience, and consulting expertise.

Upgrades

Cohesive provides Maximo upgrade services for varying industry focus and size.

Maximo-as-a-Service

An annual subscription that provides customers with a secure, dedicated Maximo application via the Internet or "cloud" environment.

Maximo Anywhere

Maximo Anywhere also allows users to take advantage of maps to see routes and get turn by turn directions to the work orders assigned to them.

Business Consulting Services:

Consulting

A trusted advisor will help your organization achieve your target outcomes by aligning your operations with your corporate objectives.

Change Management

Cohesive helps clients design and implement fit-for-purpose change management programs that align with your culture, structure, talent, and goals to improve performance, build capabilities, strengthen behavior, and sustain the change over time.

Project Management

Cohesive ensures your project goals are being met through leveraging the expertise and best practices of our team.

GIS, Maximo Spatial, ESRI, ArcGIS, Schneider

ArcFM

Our spatial team focuses on providing quality technical and business solutions to the marketing.
