

Scholarship Research: Checklist

- Research how scholarships can help you pay for law school
 - Review all of your scholarship opportunities
 - Design a financial aid package that meets all of your needs during law school
- School Name: _____
 - Current Tuition Rate: _____
 - Tuition is assessed by: Credit Year Semester
 - Tuition Rate is: Set/Locked Increases
 - If Increases: When Frequency How Much_____
 - Available Scholarship Options: _____
 - Does the scholarship require a separate application? What is the process?

 - Scholarships offered in: Dollars Percentage
If percentage based, calculate the dollar amount:
Rate_____ x Percentage_____ = \$_____
 - Scholarship Offer is for: First Year Duration of Program
 - Is it possible to maintain or renew the scholarship from year to year and requirements for maintenance or renewal?

 - Find the ABA Standard 509 data on the school's website to see how many students retain conditional scholarships from year to year.

 - Compare ABA scholarship data from year to year to determine if the number increases, decreases, or stays the same.

 - Is there a way to increase the scholarship amount and/or are there opportunities to earn other scholarships after starting classes?
