

VISA DIRECT

Visa Direct is a fast, secure and convenient way to send and receive money.

FACT SHEET

CashFlows, as a **member of Visa** and other major card schemes, offers **Visa Direct** to help businesses and organisations **deliver funds to customers quickly and safely.**

WHERE CAN I USE VISA DIRECT?

The service is accessible in 200 countries, 365-days-a-year and works with more than two billion cards, with real-time funds availability to one billion-plus users.

Visa Direct can be used with other global payments networks, via the Visa Push Payment Gateway Service, and funds can be settled in more than 100 currencies.

CashFlows' existing customers can use Visa Direct through our Payments API.

To learn more about Visa Direct, or CashFlows' full range of enhanced payments services, speak to a member of our sales team at sales@cashflows.com.

WHAT ARE THE BENEFITS?

Speed - real-time transaction processing to meet the needs of today's fast-paced business world.

Simplicity - 'straight-to-card' single message push payments improve the payments experience.

Security - backed by Visa's industry-leading payment systems with robust risk and fraud controls, it's a safe way to pay.

Scale - global reach, cross-currency and always on.

Pricing - transparent and competitive pricing, often many times cheaper than alternatives

User experience - cards deliver the best and most secure experience for merchants and customers

SO HOW DOES IT WORK?

Visa Direct uses card credentials to deliver funds straight to bank accounts or credit cards in real-time. Its wide range of applications truly enhances the payments experience and make it ideal for:

Reimbursement

Customer refunds

Tax rebates

Insurance payouts

Lending disbursements

Contractor payments

And much more.
