

DON'T PAY FOR VIDEO CONTENT. PAY FOR RESULTS.

Why pay for video content that may not achieve anything, and provides zero ROI?

Why not try our completely new model? At Big Button, we start with a clear understanding of your business objectives, and set KPIs to increase click-through-rate and dramatically reduce cost-per-click.

We then produce the right video content to **GUARANTEE** those results.

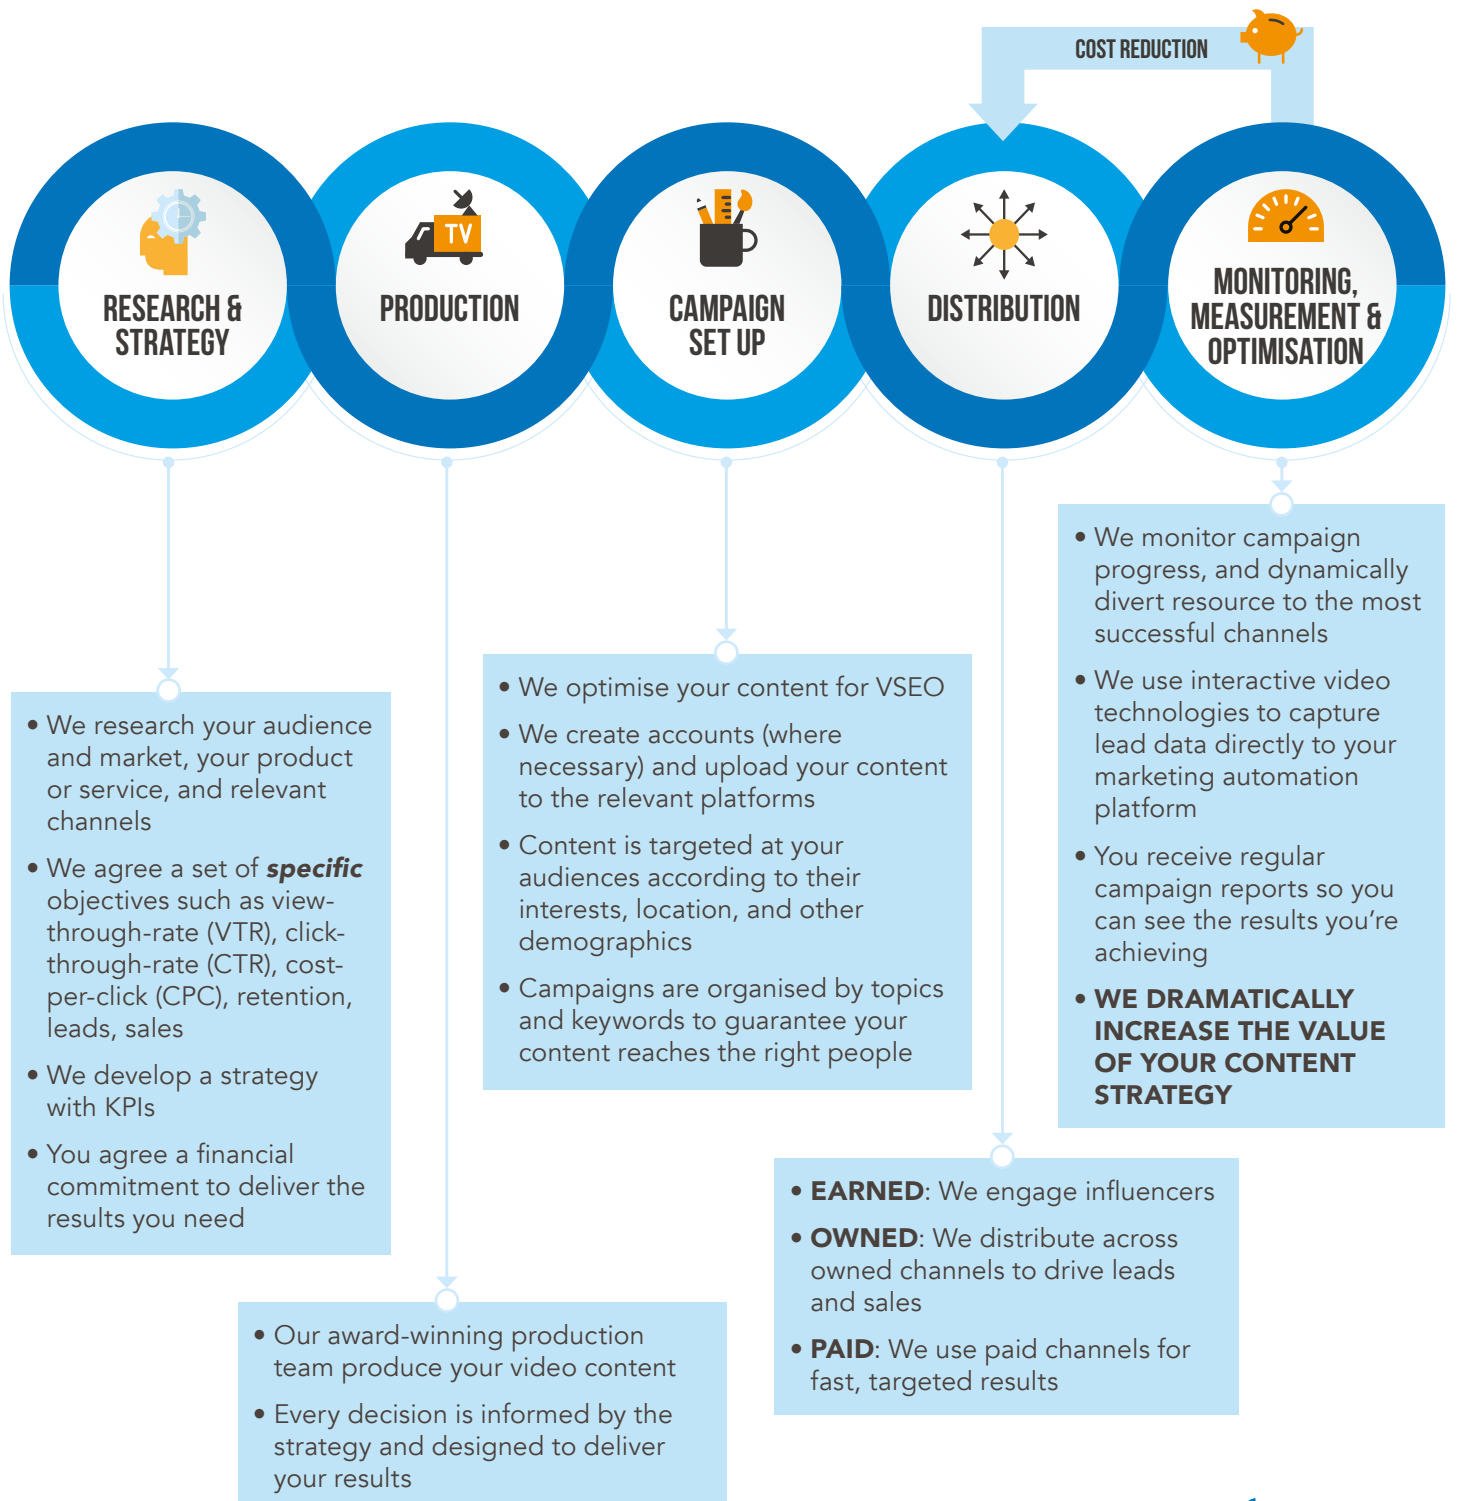

**THAT WAY, VIDEO IS ALWAYS AN INVESTMENT,
NOT AN EXPENSE.**

BIG BUTTON'S RESULTS-DRIVEN MODEL.

We're only focused on guaranteed results, and that is what you buy from us. And the added bonus? Because the money you spend guarantees results, the video content we produce is effectively *free* – *and* you get to keep it once your initial campaign ends.

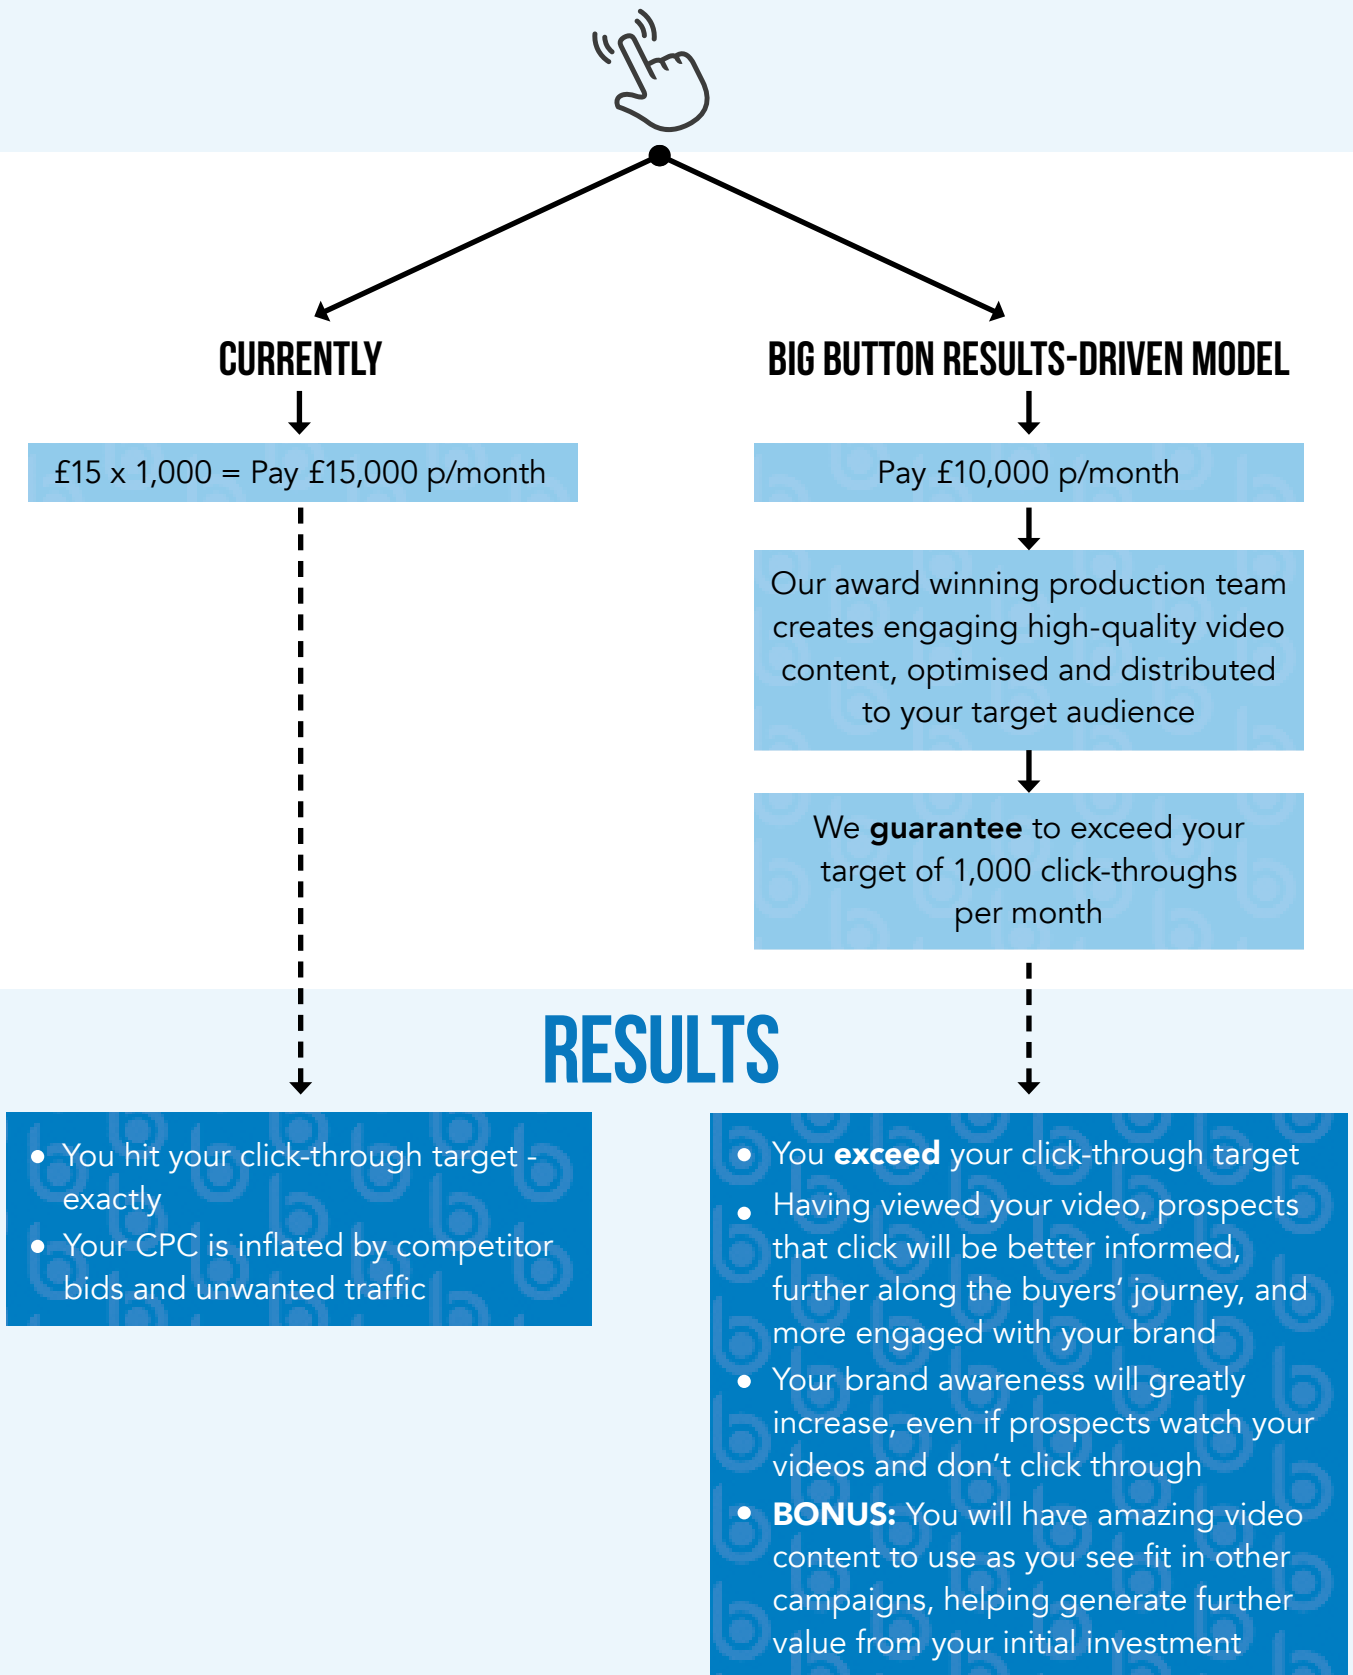

We measure and optimise your channels continually, adjusting production and distribution until we get you where you need to be, and re-allocating resources to reach the agreed KPIs.

THAT'S WHAT MAKES OUR MODEL AGILE, DYNAMIC AND RESPONSIVE – AND GUARANTEED TO DELIVER RESULTS.

HOW THE MODEL WORKS: AN ILLUSTRATION

Picture the scene: As part of your sales process, you need to generate 1,000 click-throughs per month from paid search. Over a 12-month period, you budget £15 per click-through. Here's how this typical approach compares with the Big Button Results-Driven model.

CASE STUDY

GLOBAL TECH COMPANY

Having previously invested significant amounts in video, with hundreds of films on their YouTube channel, our new client had not achieved much from their content. They had delivered only a few hundred views, and were producing no tangible results for the business.

We devised a new strategy, and new content, to achieve the following results:

OVER
**2 MILLION
IMPRESSIONS**
FOR OUR CLIENT'S
VIDEOS

VIDEO ADS GENERATED
**27K CLICK

TO THE CLIENT'S

It's a common misconception that video provides low ROI, and is too expensive. Neither is true, and we'd like to prove that to you. Contact us NOW to start a conversation about how we can deliver GUARANTEED RESULTS for your organisation:
