

MEMORYSPARX CONNECT HELPS EVERYONE ON THE CARE TEAM

Care recipients

- Stay informed about and included in discussions that directly affect you.
- Stay connected to the people you care about most.

Family members

- Share tips and details that can make all the difference when caring for this unique person – your experience is something other care team members can learn from!
- Stay connected with everyone in the care circle, including the person who matters most – the care recipient.

Care providers

- Get quick answers to your questions. Easily reach out to family members and other care providers in the circle.
- Add details that will allow other care providers to do a great job when you can't be there.

Organizations

- Give staff on-the-go access to information that makes a difference and helps them to quickly build rapport with care recipients.
- Maintain open, easy, and secure communications with family members and care professionals.

A delightfully easy way to **connect** with the people in your **circle of care**.

 **MemorySparxConnect**

MemorySparx® Connect is a secure online tool that care teams, including family members, care providers, and care recipients, use to collaborate and share information about a care recipient's day, life, and health.

- KNOW THE PLAN** Collaborate on a daily agenda for each care recipient.
- BUILD TRUST** Know what matters to the care recipient with photos, text, and audio that reflect their life story.
- STAY ORGANIZED** Keep track of health information and wellness notes in one central place.
- COLLABORATE EFFICIENTLY** Use secure chat to consult with the ones who know the care recipient best.

MemorySparx Connect is easy to use and works in the web browser on your phone, tablet, or computer so you can read updates and collaborate on the go.

- Care circles:** Connect with a care recipient, their loved ones, and other care providers inside the care circle.
- Health:** Keep track of appointment notes, care provider contact details, medication lists, and health history in one place, shared only with those who need it.
- Day:** Collaborate on plans for the day, capture a happy moment, or look back on yesterday's memories with a shared daily agenda.
- Chat:** Share quick updates and stay in touch with other care circle members using secure in-the-moment chat.
- Life:** Spark meaningful conversations with photos, text, and audio that reflect each care recipient's unique life story.
- Content updates:** Stay in the loop with a list of content updates made by other circle members.

IT'S EASY TO GET STARTED!

To request an invitation to **MemorySparx Connect**, contact a care manager at your organization or email support@memorysparx.com.

Invited users can sign in to MemorySparx Connect at app.memorysparx.com.
