

SECUREWORLD™ CAREER NETWORK

**What if you could engage qualified cybersecurity job seekers from around the country without leaving your office?
Now you can!**

We're pleased to announce the launch of SecureWorld Career Network, and invite you to our Virtual Career Fair on March 29 and June 14, 2017.

More than **209,000 cybersecurity jobs in the U.S. are unfilled**, and postings are up 74% over the past five years, according to a 2015 analysis from the Bureau of Labor Statistics.

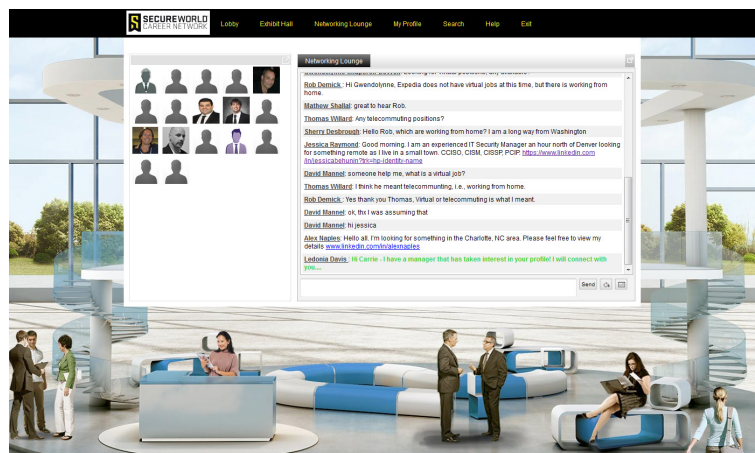

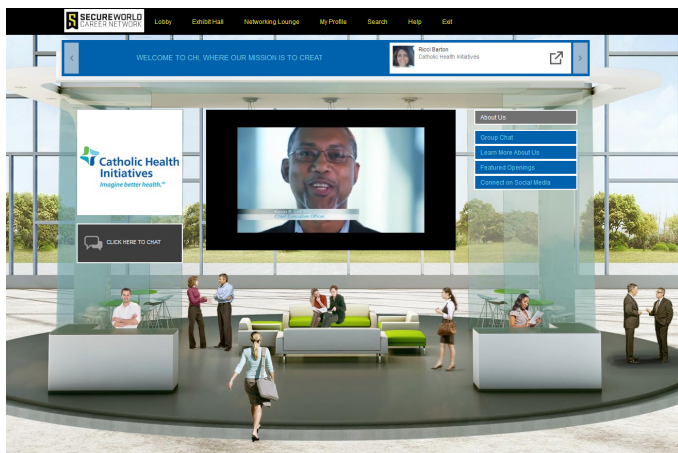

The talent gap in InfoSec today makes finding skilled candidates harder than ever. SecureWorld offers a unique channel for you to connect with our community of more than 80,000 cybersecurity practitioners—developed through our 16 regional conferences and 15 years' experience in the field.

The SecureWorld Virtual Career Fair is an excellent opportunity to highlight your company and present open positions to active and passive job seekers within the targeted SecureWorld network.
