

# Find List of Products on a Regulation

Find a list of products that are on a regulation in the SafeTec system, and find what ingredient is causing it to be on that regulation.

1. On the Admin Main Menu, click **MSDS Search**.

2. Select the regulation you want to search for in your *Regulation* drop down.

**Chemical Name**

**Ingredient CAS Number**

**Regulation**  ▼

3. This will give you a complete list of all of the products you have that are on the regulation you selected. If you want to know what ingredient is the product to be on this regulation, click on the product's name.
