

## **Release notes, Thursday 30th January 2020**

### **NEW features!**

- You can now view events when a default assessor invites an invited assessor and the invited assessor accepts

### **Integrations**

- We've fixed an issue with authentication using the Moodle single sign-on

### **Eportfolio - bug fixes and improvements**

- We've improved the deadline dates in assessments so the deadline is at the end of the day rather than the beginning
- We've improved the new folder modal so you can now save new folders on smaller screens
- We've fixed an issue with the timesheets page for users who had upgraded to the Learning Hub
- We've fixed an issue to prevent users annotating over annotations
- You can now amend or delete a timesheet that has been migrated to the learning journal
- We've made accessibility improvements to the Change Password page
- We've improved the process when printing per criteria pages so that text isn't cut off
- We've made accessibility improvements to the invite assessor modal
- We've fixed an issue with the duplication of assessors displaying in the invite assessor modal
