

# Upgrade your training

The benefits of OneFile for  
you and your apprentices.

# ACHIEVE MORE

OneFile is the UK's leading eportfolio for learning and development. Using the latest innovations in paperless technology, our simple software transforms the entire training process – delivering big benefits for your organisation, and your apprentices.

With OneFile your team can:

- Monitor the progress of each learner
- Produce reports and export data to spreadsheets
- Assess learner evidence electronically
- Send feedback online in just a few clicks
- Work anytime, anywhere, on any device – even offline
- Plan assessments, activities and visits using a digital calendar

# THE RESULTS

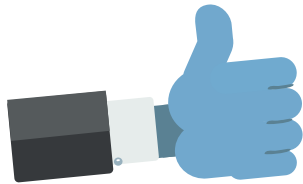

**35%** increase  
in timely  
completions

**50%** increase  
in learner  
activity

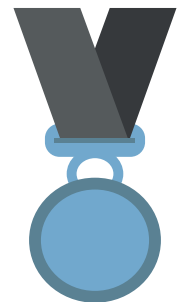

**80%** savings  
on paper and  
printing costs

**98%** learner  
satisfaction

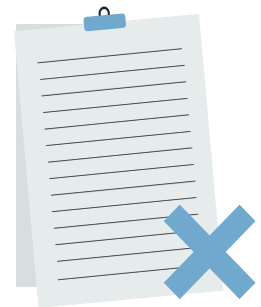

**25%** more learner  
interaction

**10%** rise in  
achievement rates

## YOUR LEARNERS WILL LOVE IT!

Instead of lugging around a heavy paper portfolio and writing up reams of notes, your apprentices can collect evidence using their smartphone, submit assessments online and send messages instantly.

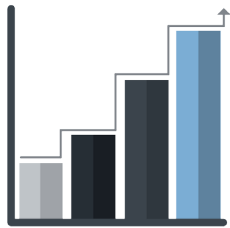

**0%** paperwork

# TRAIN ON-THE-GO

From horticulture to hairdressing – your apprentices can work anytime, anywhere, on any device with the OneFile offline app.

***"I loved OneFile from the start.***

*Working online was so much easier than on paper. OneFile enhanced communication with my tutor, giving me more control over my apprenticeship and more confidence in my ability. **My advice would be to use OneFile and GO FOR IT!"***
