ASSESSMENT EPORTFOLIO.

deliver great
training

Train, track and assess with OneFile's integrated assessment application.

From apprenticeships to professional development, OneFile can be used to deliver all types of work-based training – anytime, anywhere, on any device.

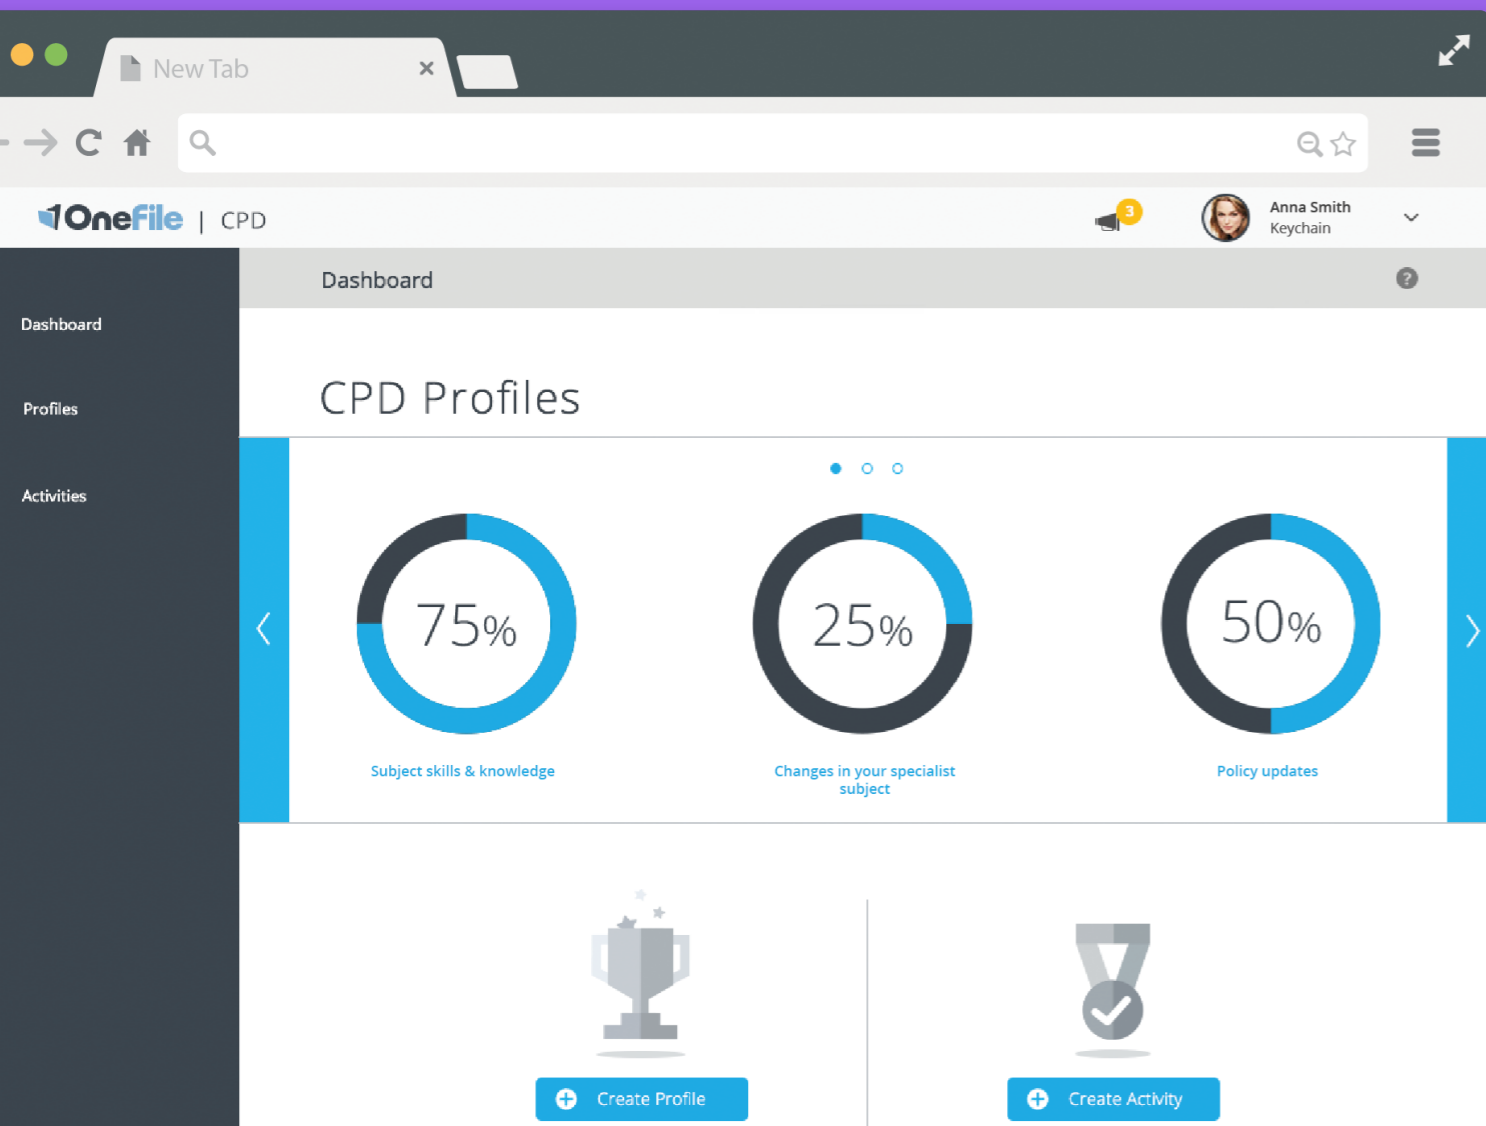

VLE.

support lifelong
learning

Our powerful learning environment is your virtual classroom – a place where learners and tutors can create, upload and share training resources – from course textbooks to video content.

Combined with our dynamic eportfolio, CPD tracker and assessment workflows, we've created a VLE like no other.

CPD TRACKER.

encourage
development

Learning never stops with OneFile.

With our continual professional development feature you can set SMART targets, track your progress and complete assessments – building a rich portfolio of your professional development. And you can take OneFile wherever your career takes you – it's your portfolio for life.

FORM DESIGNER.

dynamic data
collection

From initial assessment to satisfaction surveys, our digital form designer can be completely customised to suit your needs.

You can collect bespoke data and generate reports to track progress against SMART targets.

MOBILE APP.

train anytime,
anywhere

Snap, store and sync evidence anytime, anywhere, on any device with OneFile's mobile app.

Learners can train on-the-go, collect photos, videos and audio recordings as evidence, and send and receive online feedback using any Apple, Android or Windows device.

REPORTING SUITE.

data-driven reporting

OneFile feeds live data into dynamic dashboards so you can generate the reports you need at the touch of a button.

Using our powerful reporting suite, you can analyse performance at a glance – bringing a whole new level of insight to your learning and development strategy.

INTEGRATIONS.

create strong connections

From HR software to apprenticeship systems, OneFile can integrate with any other software with web services through our open API. Our integrations automatically sync data from other systems into OneFile and vice-versa.

THE SERVICE.

OneFile is all about **teamwork**

Our in-house experts will work closely with you to build bespoke learning aims, customise your learning platform, answer any questions you have and deliver all the training your team needs. We're with you every step of the way.

By working together, we can help you deliver learning better.

**“OneFile
has pulled
work-based
assessment into
the 21st century”**

“The results are clear. Organisations who use OneFile consistently outperform those who are using paper-based systems or other portfolios. FACT.”
