

OneFile and PICS

Overview

Integrate your OneFile account with your Pellcomp PICS MIS for efficient data management. With this integration, you can create learners in OneFile automatically or at the click of a button from Pellcomp PICS MIS. This integration is two-way, and PICS Pellcomp is the master system.

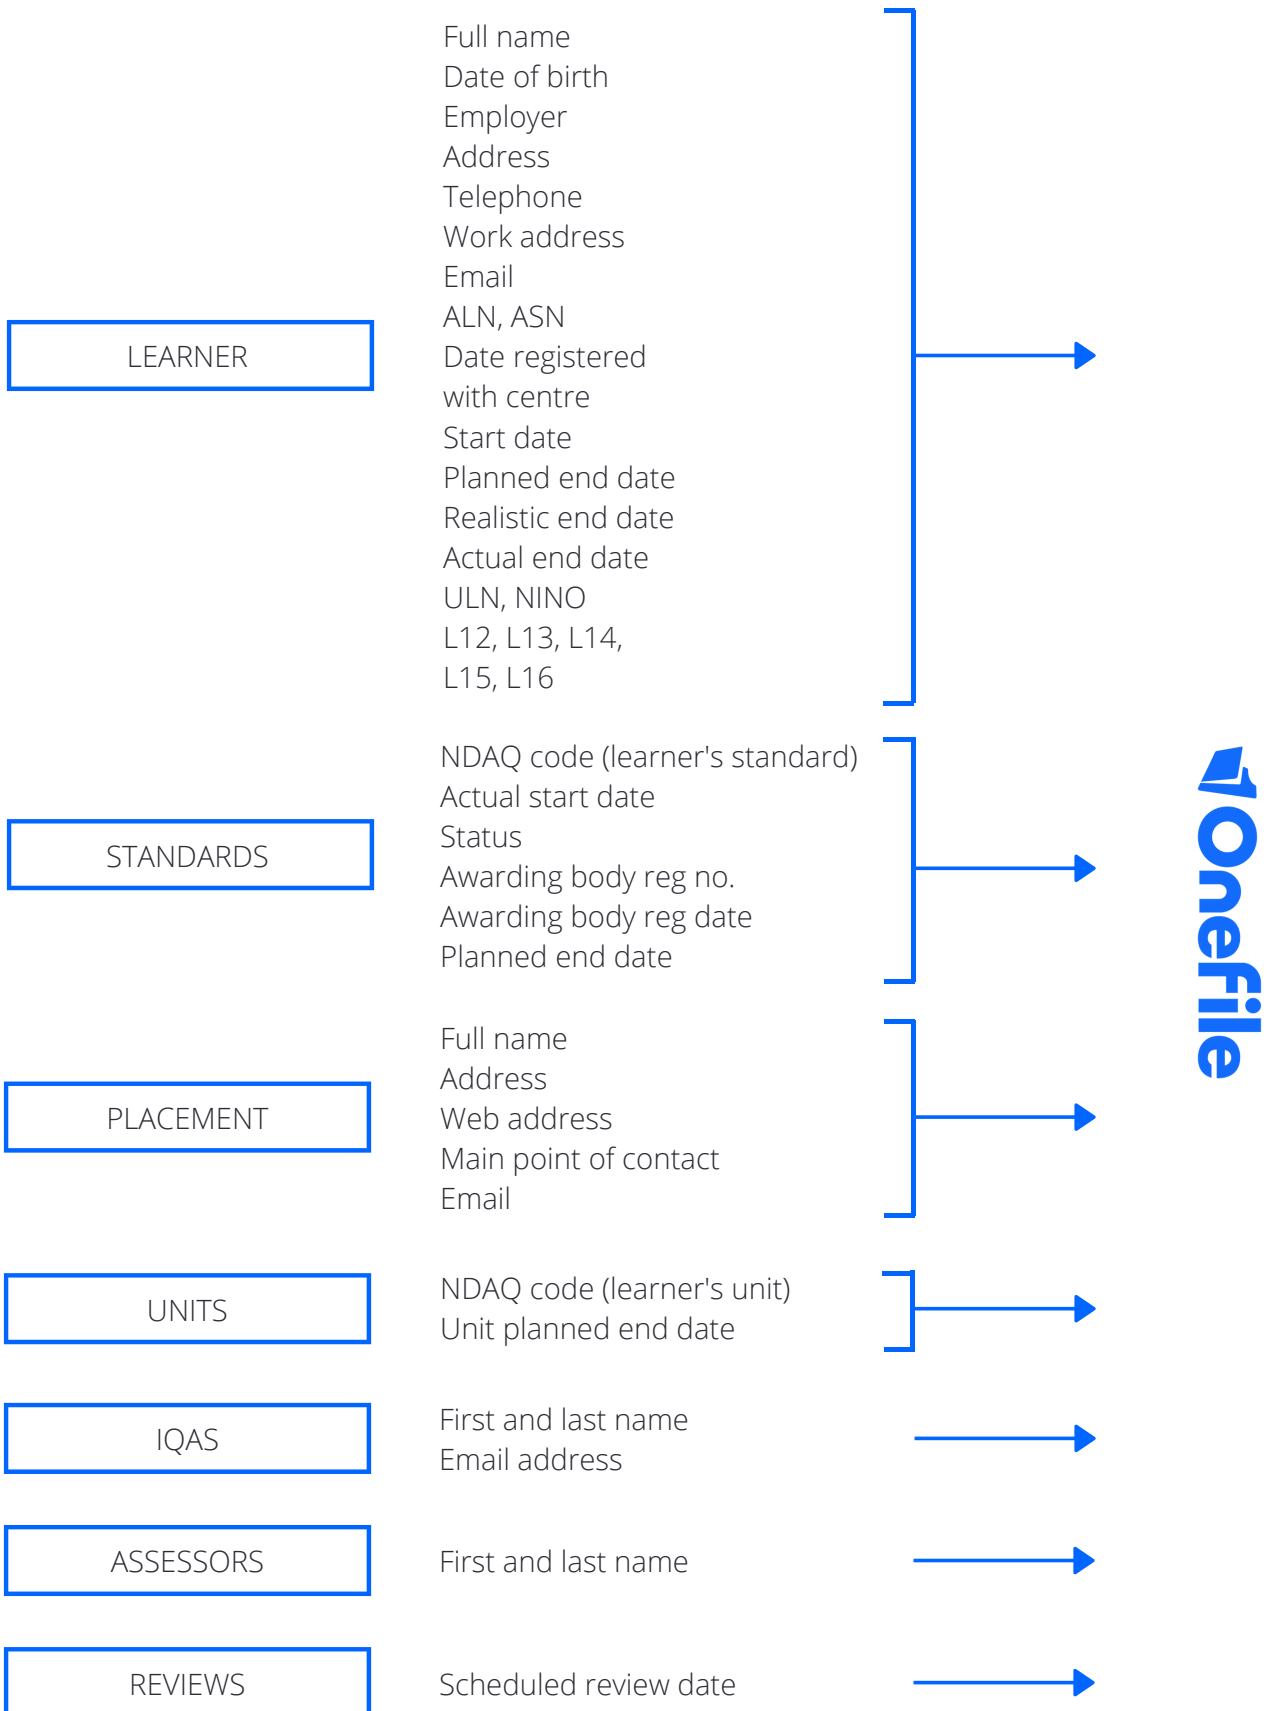

Integration features

- Create learners in OneFile from PICS
- Create assessors in OneFile from PICS
- Create placements in OneFile from PICS
- Assign qualifications in OneFile from PICS
- Assign internal quality assurer in OneFile from PICS
- Schedule reviews in OneFile from PICS
- See assessment progress in PICS from OneFile
- See completed reviews in PICS from OneFile

Creating the integration

- Contact OneFile to request a PICS PortalID creation.
- OneFile will send you the details (you'll need to be a centre manager so we can add them to your restricted resource area).
- OneFile will contact you with any additional details we need to ensure your qualifications are PICS-ready.

Create and assign from PICS to OneFile

Update PICS from OneFile
