

# MAKE THE SWITCH!

## TO THE HIGH QUALITY, LOW COST ALTERNATIVE

### SAVINGS. PERFORMANCE. ECO-FRIENDLY.

#### QUALITY

Every aspect of our cartridges from quality and reliability to design and environmental impact is thoroughly analyzed on an ongoing basis to deliver optimum results with each and every page. Beyond traditional refilling and remanufacturing, our cartridges are built in state of the art facilities equipped with next generation technology, robotics and full-scale process automation equipment. The result is a higher quality, more consistent product you can rely on for all your printing needs.

#### VALUE

Looking for ways to maximize your office supply spend? Switch to our high quality remanufactured cartridges. Our large assortment of ink and toner supplies offer an easy and risk free way to cut costs, without sacrificing quality.

#### ENVIRONMENTALLY RESPONSIBLE

By purchasing remanufactured cartridges, you are making an environmentally superior choice.

How? Remanufacturing promotes reuse, which according to the EPA is one of the most effective ways you can save natural resources, protect the environmental and save money.
