DURING THE WEBINAR

GoToWebinar recommends the use of a headset – so for people who are experiencing problems hearing us talk, try plugging in some headphones and turning the volume up higher.

We often get the question “Why can't you hear me?” ...
The reason for this is because it's a one-sided audio presentation.

Voice your questions, thoughts and comments by typing them in the ‘Questions’ box throughout the webinar!

QUESTIONS LEFT ANSWERED DURING THE WEBINAR

Your question slipped into a crack and was left unanswered? We're so sorry.
But please, worry not!

We are very dedicated to replying to each and every one of you by email as we export the ‘Questions Box’ at the end of the webinar and take the time to email you personally.

If we see that some questions seem to come back more often, sometimes we'll even put together a piece of content
