I had given up on my
marriage after my husband
about 2 affairs. I was ready
to throw in the towel. I
agreed to come and give it 1
last chance and it worked!

Amazing turn around
weekend. It would have
taken 10 years and
countless dollars to get
the tools we got this
weekend.

Marriage helper literally
changed \therefore saved my life.
I now feel confident on
a path, that will leave
a legacy for my family \therefore
Kids.

This finally was the
ANSWER for us that gave
me the HOPE I needed to
commit more of myself and
like hindsight 20/20, I wish
we had done this before my
poor choices, but it's never too late.

I sweat off all
my deodorant
but it was worth it.
