

# GLOBAL AIRFREIGHT

Our air freight solutions offer the ideal balance between time, space, frequency and cost. Our air cargo services cover all major trading centers, and combine flexibility with speed and value to give clients a noticeable advantage. As a leading provider of air cargo services, we offer our clients an unmatched repertoire of experiences and skills in cargo freight management, and air operations.

Security is of course our number one priority in airfreight, at our own hubs and at all the other facilities we use. All our hub/gateway warehouses are C-TPAT certified.
