Reduced use rate for basal bark and cut stump treatments to control woody brush and trees in New York State

This recommendation is made as permitted under FIFRA Section 2(ee) and has not been submitted to or approved by the EPA. All applicable directions, restrictions, precautions and Conditions of Sale and Warranty on the EPA registered label are to be followed. Refer to the container label for additional instructions. Always read and follow label directions.

Information contained in this Bulletin is not intended to replace or amend any product labeling. The user must have this recommendation in their possession at the time of use.

DIRECTIONS FOR USE

Basal Bark and Cut Stump Treatments: Apply a mixture containing 1-3% volume to volume (v/v) of this product and Relegate® or Garlon® 4 herbicide (triclopyr) in an appropriate spray carrier.
