

It takes a lot of high tech gadgets to pull off a successful production and put you, the audience member in the proper mood and setting. Technology is constantly changing, many upgrades are constantly in demand. Lighting, sound boards, speakers, microphones, monitors, curtains, new seating, etc. are expensive items that we are trying to upgrade. Our inner stage curtain is in need of replacing. If you would like to help us fund some of these expenditures, please consider a tax deductible donation to MLHS Drama Friends. Contact Mike Demski (414) 526-3250 for more info. Hey kids, wan to get involved? You don't have to be an actor. Do you have a talent for building sets, painting, costume design, make up, working with lights and sound, or would you like to learn a new skill? Please consider meeting some new friends and putting your talents to use. Contact Mr. Brian Forke for details on how you can join us. We mostly need you to please support our productions. The kids are motivated by a large audience. Besides, lots of people also absorb ambient sound and make the entire production sound much better. Buy a ticket, get some popcorn, send an actor or actress a Drama Gram. Every little bit helps, the kids would love to talk to you after the show. Its a very affordable, fun family night out. I personally guarantee you will get your monies worth and will not be disappointed. We can always use donations of coffee, hot chocolate, apple cider, water, cookies, cupcakes, rice crispy treats, carmel apples, chocolate covered pretzels, cake, etc.

Thank you,
Mike Demski
