

NAMELY PRESENTS

**COVID-19  
WORKPLACE  
POSTERS  
TOOLKIT**

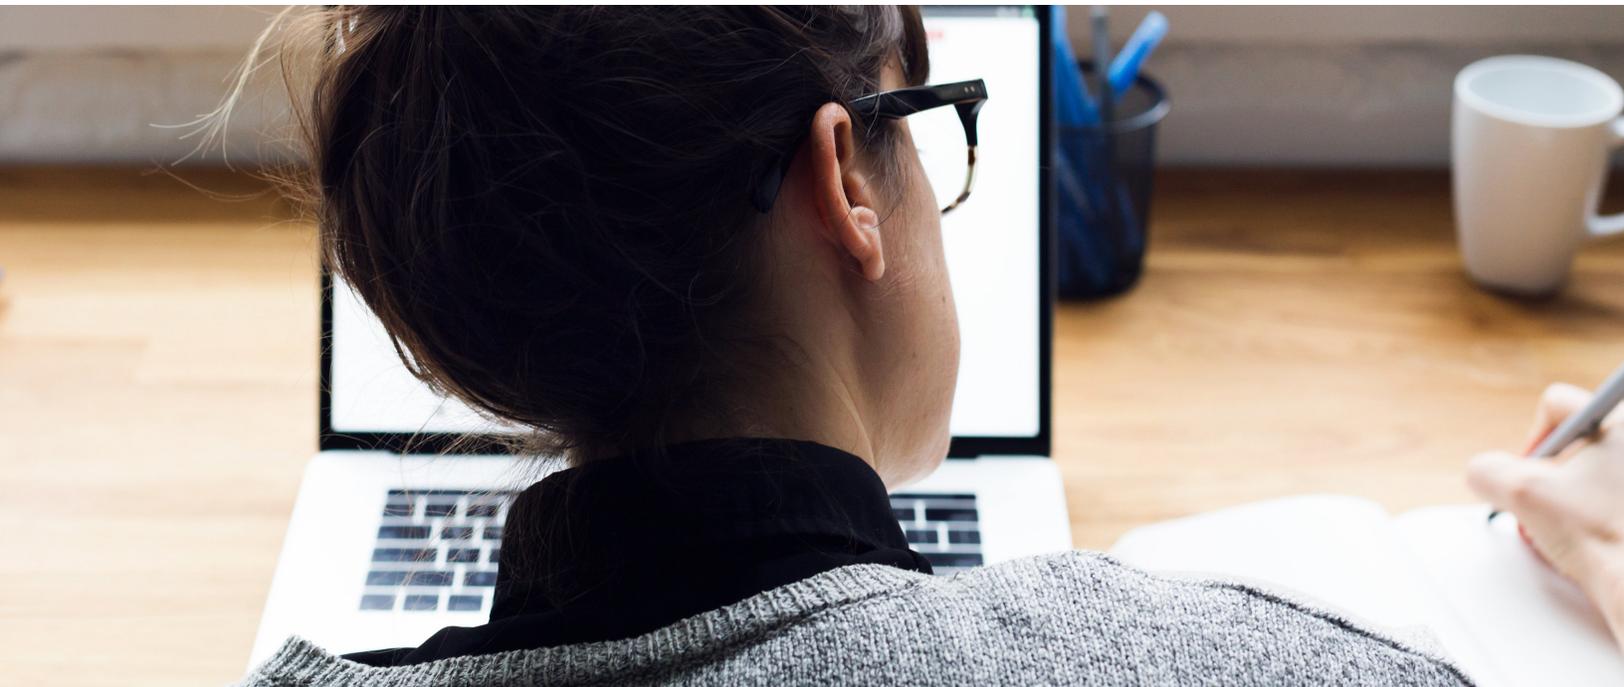

# INTRODUCTION

COVID-19 has flipped the world of work upside down in just a few short weeks. Employers across the world were sent scrambling to create new policies, stay on top of new laws and requirements, and update employees as the situation unfolds.

To help inform employers and their employees, the Department of Labor (DOL) and Centers for Disease Control and Prevention (CDC) have shared posters and resources.

The new [Families First Coronavirus Response Act \(FFCRA\)](#) requires employers to display posters in the workplace that notify employees of their rights under the law. Businesses that remain open must display the posters by the April 1 deadline, while businesses working remotely are urged to share a digital copy with their employees.

**For your convenience, we've assembled all of these posters and educational resources so you can easily share them with your employees.**
