"At Mekong Capital, our bold commitment to our investee companies is that we cause them to achieve results far larger than they could achieve on their own. Our long-term partnership with Vanto Group is key enabler for us in this journey to dramatically and quickly elevate the performance of our investee companies immediately after we become a shareholder."

"I'm very pleased to recommend the Vanto Group for the work they did with my leadership team. I asked them to expand the leadership capabilities of my team through education on achieving higher performance, to facilitate a conversation among ourselves on our key milestones for two years out, and to help us create a set of shared commitments on how we will work with each other. Over the course of our engagement, they delivered on all three. We had frank and meaningful conversations about our future and our work, and the team is moving forward with a new level of energy and focus."

"Running a business is a complex matter and the heart of any business is people. I have yet to see anything that has such a positive impact on people's ability to relate, communicate, and perform as Vanto Group has. Our experience resulted in the alignment of our people around a common vision for the future, along with a powerful set of commitments and accountabilities."
