

OneNeck Connect - Denver

Delivering high-speed data center and cloud access for a fixed rate

Setting up a data center or private cloud is only part of the solution. You also need to have a secure, robust connection between the data center or private cloud that you can rely on, at a predictable price; enter OneNeck Connect from OneNeck® IT Solutions

A Better, Dedicated Circuit

OneNeck Connect allows customers to connect directly to our data center facility in Denver utilizing a 1 Gbps broadband pipe, enabling secure, robust connectivity to OneNeck's colocation and hosted private cloud services.

The service supports customers who are on-net with Zayo or Comcast to provide a direct link to our OneNeck data center in Denver. On-net requires that the customer already have Zayo or Comcast carrier equipment on site at their location that is capable of delivering 1 Gbps.

Cost-Effective and Predictable

Offering a flat rate of \$4,995 per month for the following options:

OneNeck Connect Hosted Private Cloud Special

- 256GB Hosted Private Cloud (ReliaCloud)
- 5TB storage
- Secure private firewall with context-based access control
- 1G Zayo or Comcast private connection

OneNeck Connect Colocation Special (limited time/limited quantities)

- 5 Colocation cabinets
- 1G Zayo or Comcast OneNeck Connect, 100mb blended Internet service
