Omnichannel

EDI for Drop Ship (direct to consumer)

eZCom's Connector for Brightpearl is the perfect solution for adding EDI to your current drop ship order management process. The Connector is fully integrated and transparent; you'll never have to separately process EDI orders, invoices or shipping documents.

EDI for Omnichannel

Flexible and scalable for the omnichannel spectrum, drop ship, brick and mortar, online or a combination, eZCom's EDI Connector for Brightpearl seamlessly blends inventory management, fulfillment and accounting with compliant, retailer-specified documents and requirements.
