

PYROGEL® PONY ROLLS

ALL THE BENEFITS OF PYROGEL IN A CONVENIENT "GRAB AND GO" FORMAT

AT JUST 80 SQUARE FEET AND 45 LB (20KG), ONE PYROGEL PONY ROLL DOES IT ALL, PROVIDING UNMATCHED CUI DEFENSE, ENHANCED PROCESS STABILITY, SIMPLIFIED LOGISTICS, SPACE-SAVING DESIGN, AND LOWER TOTAL COST OF OWNERSHIP... ALL IN AN ULTRA-PORTABLE, GRAB-AND-GO FORMAT.

WHAT CAN YOU DO WITH A PYROGEL® PONY ROLL

REPLACE WET AND DAMAGED INSULATION ON THE SPOT.

When wet and damaged insulation needs to be replaced quickly, convenient, 45 lb Pyrogel Pony Rolls let you get the job done ultra-fast—saving you time, man hours, and money.

SIMPLIFY MAINTENANCE.

Pony Rolls are perfect for maintenance work. Their size (80 square feet) and grab-and-go format allow cutting and application to be done quickly and easily onsite. Plus, Pony Rolls' small footprint make them easy to store—so you're never without Pyrogel when you need it.

INSULATE NARROW AND TIGHT SPACES.

Tight spaces? Narrow catwalks? On-the-spot jobs? Pony Rolls' size make staging, cutting, and insulating a breeze. Whether you're a one-man show or part of a team, Pony Rolls will enable the speed and efficiency that you need to keep your project running smoothly.

BOOST STEAM NETWORK RESILIENCY.

For steam network operators, rain means flooded tunnels and vaults. Pyrogel keeps steam and condensate pipes drier for longer, supporting better steam quality and network resiliency. Plus, Pony Rolls let you get more productivity out of your insulation, especially in tight spaces.
