

Login Help

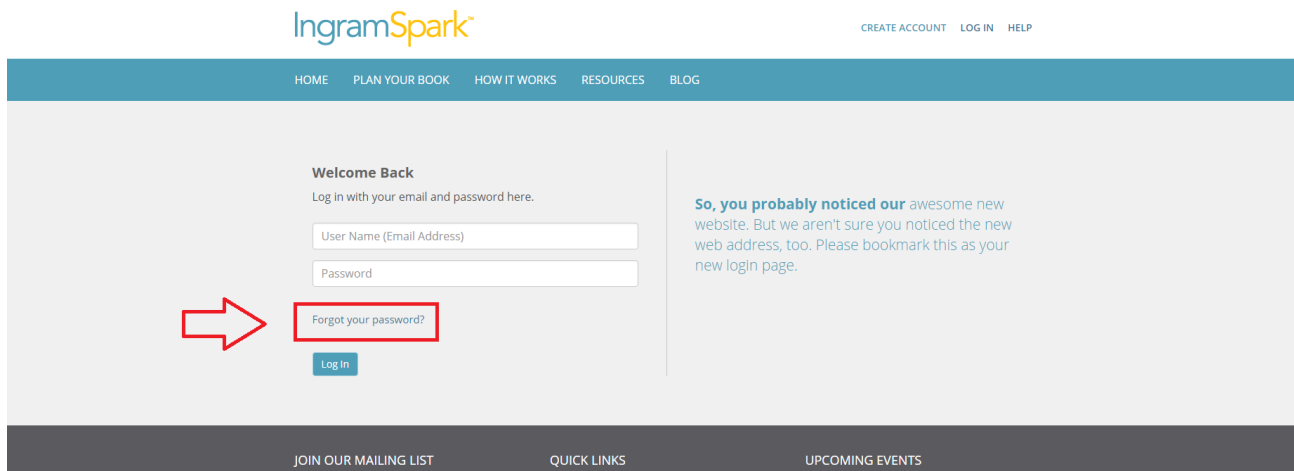

If you have forgotten your password and are experiencing issues logging into your IngramSpark account, you may request a temporary password. Once you receive your temporary password, you can use this to log in and update your password to something of your own choosing.

Steps to request a temporary password are outlined below:

- Click “Log In” on the IngramSpark website: <http://www.ingramspark.com/>

- Click on the blue “Forgot your password?” link

- Enter your email address and click on the blue “Reset Password” button. This will either generate a temporary password sent to your email address.
- Or direct you to a page where you will need to input your two security question answers. Once completed correctly, the temporary password will be sent to your email address.

Option 1

IngramSpark™ CREATE ACCOUNT LOG IN HELP

HOME PLAN YOUR BOOK HOW IT WORKS RESOURCES BLOG

If you have forgotten your password, please enter your Email Address below. A new temporary password will be generated and sent to you through email.
Please note, your login will be the email address entered during account set up. If you have forgotten both your Email Address and Password please email ingramsparksupport@ingramcontent.com for assistance.

Email Address:

Option 2

IngramSpark™ CREATE ACCOUNT LOG IN HELP

HOME PLAN YOUR BOOK HOW IT WORKS RESOURCES BLOG

In order to verify your identity, please provide the answers to the following security questions:

What street did you live on in third grade?

What is the first name of your favorite childhood friend?

Indie Author Fringe (London Book Fair)

- Passwords are case and space sensitive, so it important to be sure you are entering the temporary password correctly. For example, if an “n” is entered as an “N”, the password will be rejected.

- You may consider copying and pasting the temporary password. If you do this, please be sure to remove any unnecessary spaces that could appear when you paste.
- Once your temporary password is accepted, you will be able to create your own new password for future use.
- Please note that if more than one temporary password is requested, you will need to use the most recent temporary password sent to you. Any previous temporary passwords are considered invalid once a new temporary password is requested.

If you continue to experience issues trying to access your account, please contact IngramSpark Support at Ingramsparksupport@ingramcontent.com
