

# HI-VISIBILITY RIPSTOP WORK SHIRTS

# TYPE 0 CLASS 1

Type 0 garments provide daytime and nighttime visibility for workers in occupational environments which pose struck-by hazards from moving vehicles, equipment and machinery, but which will not include exposure to traffic on public access highway right-of-ways or roadway temporary traffic control (TTC) zones.

## ANSI/ISEA 107-2015 NOW INCLUDES THE TYPE 0 CATEGORY

Adding the Garment Types O, R and P creates a broader range of protection from high-visibility safety apparel (HVSA), allowing managers and safety professionals to address a broader range of potential hazards.

Since the creation of ANSI/ISEA 107, there is a greater awareness of the protection HVSA can provide in almost all work environments. Today, HVSA is being used to protect from hazards not originally anticipated when the original standard was written.

ANSI/ISEA now includes the Type 0 Category. This category requires protection from high-visibility apparel for workers who may come into contact in their work environments with a moving vehicle moving at 25 mph or less.

## TYPE 0 CLASS 1 GARMENTS

Intended for use in environments where there are struck-by hazards from moving vehicles, equipment, and machinery not operating on public access rights of way or temporary traffic control zones.

**Parking/Service location workers • Warehousing • Oil & Gas extraction workers • Refinery workers • Mining**

## MINIMUM AREA OF VISIBLE MATERIAL

GARMENT TYPE	PERFORMANCE CLASS	BACKGROUND MATERIAL	RETROREFLECTIVE OR COMBINED PERFORMANCE MATERIALS	MINIMUM WIDTH REFLECTIVE MATERIAL
TYPE 0 OFF-ROAD AND NON-ROADWAY USE	CLASS 1	0.34 m <sup>2</sup> (217 in <sup>2</sup> )	0.10 m <sup>2</sup> (115 in <sup>2</sup> )	25 mm (1 in.)

# HI-VISIBILITY RIPSTOP COLOR BLOCK WORK SHIRT TYPE 0 | CLASS 1

360° visibility ◦ 2 1/2" Yellow / Silver / Yellow reflective striping provides both daytime and nighttime visibility ◦ 1 1/2" solid reflective striping across front and back seam for nighttime visibility ◦ Pre-cure durable press for a wrinkle-resistant finish ◦ Two-piece, lined collar with sewn-in stays ◦ Button-front closure with gripper at neck ◦ Two button-thru, hex-style chest pockets with pencil stall in left chest pocket ◦ UPF 40 rating ◦ **This product complies with Type 0 Class 1 requirements of ANSI / ISEA 107-2015**
