THE HISTORY OF BOZEMAN

Bozeman lies at the southern end of Montana’s Gallatin Valley, an agriculturally rich area still considered one of the most fertile in North America. For years prior to white settlement, various Indian tribes including the Bannack, Blackfeet, Crow, Bitterroot Salish, Pend Oreille, Kootenai, Nez Perce and Shoshone, hunted here and in the adjoining Yellowstone Valley. Game was plentiful and because the valley was used by so many tribes, the Blackfeet called it “Many Come Together Country.”

The headwaters of the Missouri River, located on the northern end of the valley, were visited in 1805 by Lewis and Clark during their trek to the Pacific. The explorers named one of the three tributaries the Gallatin River in honor of Secretary of the Treasury Albert Gallatin. A year later, during the expedition’s return trip, William Clark and a portion of the “Corps of Discovery” were guided through the valley to the Yellowstone River by a young Shoshone girl named Sacagawea.

Fur traders and mountain men passed through the area after Lewis and Clark. One of them, John Colter, was nearly killed by Blackfeet on several different occasions. Another, Jim Bridger, eventually guided a wagon train of settlers into the valley in 1864, and the mountain range immediately northwest of Bozeman is named in his honor.

The discovery of gold in the early 1860’s brought thousands of miners into the territory. One of them, John Bozeman of Georgia, decided to lead immigrants to the gold fields via a series of old Indian trails through the Big Horn Basin. It soon became known as the Bozeman Trail, and while Bozeman guided a wagon train to the Gallatin Valley his friends Daniel Rouse and William Beall laid out a town site. After Bozeman and his train arrived in late July 1864, those passengers who decided to forego the mines and establish farms and ranches instead named the new community in his honor.

Bozeman soon became the county seat of Gallatin County, and in 1867, following John Bozeman’s death - purportedly at the hands of Blackfeet Indians - the government established Fort Ellis several miles to the east. The fort was an important economic ingredient in the early growth of Bozeman, and the soldiers also lead expeditions to Yellowstone Park and built telegraph lines to connect Bozeman to the outside world.

Following the Indian Wars of the 1870’s, the Northern Pacific Railroad reached Bozeman and the Gallatin Valley in 1883. Ten years later, the Montana legislature established the Montana College of Agriculture and Mechanic Arts in Bozeman, a land grant college that today is Montana State University.

Today, Gallatin County covers more than 2,500 square miles, an area larger than the states of Rhode Island and Delaware. Because nearly half of the land is publicly owned under the auspices of the U.S. Forest Service, State of Montana, Bureau of Land Management or the National Park Service, residents have ample recreational opportunities right on their doorstep.

Operational Statistics Montana Operations

Electric transmission and distribution services to approximately 374,000 customers in 187 communities

- Electric transmission lines - 6,700 miles
- Electric distribution lines - 17,750 miles
- Natural gas transmission and distribution services to approximately 199,171 customers in 105 communities
- Natural gas transmission lines - 2,100 miles
- Natural gas distribution lines - 5,200 miles
- Approximately 1,220 employees

NorthWestern Corporation, d/b/a NorthWestern Energy, is an investor-owned utility and one of the largest providers of electricity and natural gas in the northern tier states. We serve approximately 726,400 customers with electricity, natural gas, propane, or some combination thereof in Montana, South Dakota and Nebraska. Classified as a “mid-sized” utility by most industry standards, our service territory size is one of the largest in the country. The foundation of NorthWestern’s energy business dates back to 1923, with the start of the utility operations in a few communities in South Dakota and Nebraska. Our electric system serves 318 communities and surrounding rural areas covering two-thirds of Montana, eastern South Dakota, and Yellowstone National Park in Wyoming. Our natural gas system serves 180 communities and surrounding rural areas in Montana, South Dakota and central Nebraska. NorthWestern Energy has approximately 1,528 full-time employees. Our corporate headquarters is in Sioux Falls, South Dakota, with operational headquarters in Butte, Montana, and Huron, South Dakota. We are listed on the New York Stock Exchange under the ticker symbol NWE.

Economic Development

Economic vitality is crucial to Montana’s future, and for many years, NorthWestern Energy has held a strong commitment to the communities it serves. Community Works encompasses NorthWestern Energy’s tradition of funding community activities, charitable efforts and economic development within its service territory. In 2019, NorthWestern Energy’s Community Works programs provided more than \$2 million in funds for community sponsorships, charitable contributions and economic development organizations in Montana, South Dakota and Nebraska. NorthWestern Energy is committed to serving as a meaningful and dedicated contributor to the economic development process, and we see our role as “energizing Montana’s economy.” Our emphasis is on “Building Montana’s Future” and the mission of our Economic Development team is to help retain existing jobs in Montana, promote business expansion and recruit new businesses to the state. Our economic development employees assist site selection consultants, economic development agencies, government agencies, existing businesses and potential new businesses. They are actively involved in economic development initiatives at the local, state, regional and national levels. They can answer questions about utility rates, availability of utility distribution and transmission services, utility operations, power reliability, energy supply, and energy efficiency programs.

Powering Montana’s Business Community

At NorthWestern Energy, we’re proud of our longstanding role in fulfilling the growing energy demands of Montana’s businesses, and we’re always glad to lend our support to new ventures, expansions and energy efficiency measures. To find out how NorthWestern Energy can assist your small business, visit our website or call us at (888) 467-2669.

2020 Economic Development

* Note this report was prior to COVID-19 *

Gallatin County Leads Montana's Economic Growth for the Second Year

In the 2020 Montana Economic Report, published by the Bureau of Business and Economic Research, Director Patrick M. Barkley, reports that Gallatin County continues to be the growth leader statewide by a large margin for the second year in a row.

Bozeman is home to Montana State University, which has seen increasing enrollment and expanded research. There is the exciting high-tech industry concentrated in manufacturing and professional services. Bozeman also is growing as a health care center. Nonresident travel, mostly in Big Sky and West Yellowstone, is seeing more visitors throughout the year. With all these growth factors, construction is booming. Congestion and affordability have emerged as pressing issues in Gallatin County, but many other parts of the state would wish to have these problems.

Gallatin County's population is expected to steadily increase through 2040 with low projections of 123,000 to high projections of 177,000. The total growth for the City of Bozeman by 2020 will exceed 50,000.

Housing

New home construction in Gallatin County seems to be driven by the growing technology, laser/photonics, outdoor industry, manufacturing sectors and second home purchases. The new housing construction material sales remains steady, and the pattern is like the boom times of the last decade where new home construction is filling in existing subdivisions. There are new subdivisions being built now to meet local needs and has begun to see levels it did seven years ago when housing construction was at its peak.

Housing prices seem to be leveling off but have seen significant increase in median home price sales, which has put pressure on workforce housing in Bozeman.

Bozeman has recently approved 5 new housing sub-divisions, nearly 1100 new apartment units and Montana State University will be adding nearly 500 more rooms for students which we hope will assist in making housing of all kinds made available to our workforce.

Tourism

According to the Institute for Tourism Recreation Research, Bozeman was visited by over 34% of all visitors to the State of Montana. It is estimated 12,636,00 visited Montana in 2019, with 4,238,786 coming thru the City of Bozeman, with 1,339,979 spending the night. The report also indicated 2,644,819 visitors spent the night in Gallatin County, spending nearly \$814,069,000 in 2019.

Transportation

Bozeman and Gallatin County continues to strive to improve and enhance the transportation system to provide for our continued growth and to meet the demands of being a vibrant tourist attraction and regional shopping hub. Construction has begun on the Rouse Avenue rebuild to better connect Downtown Bozeman.

Air Transportation and direct flights to Bozeman have become a priority for the Chambers Transportation Committee with the announcement of Jet Blue direct to Boston and New York, in second half of 2020. (See page #35 for direct flights) Bozeman Yellowstone International Airport (BZN) currently has 20 direct flights and continues to work on new markets to serve new airlines.

Workforce

With unemployment at 3.5 percent nationally the Montana Department of Labor and Industry reports statewide unemployment rate of 4.2 % as of February 2019 and Gallatin County estimated at 2.5 percent, with estimates less than 1.6 percent in Bozeman. Bozeman more than any other area in the state, is a driving force helping to make that happen.

We continue to address Workforce Development thru the Workforce Development Committee at the Chamber of Commerce, by partnering with business and Gallatin College and Montana State University to make sure that we are offering the right type of training to match the industry's needs. An effort is also being made to get Gallatin College Funding for new training center and create additional workforce specific training programs.

Bozeman and Gallatin County has become the place to work, play, and invest. Contact the Bozeman Area Chamber of Commerce for a free 2020 Economic Profile at dschliem@bozemanchamber.com

Livingston

Montana State University is as remarkable and inviting as its setting. Created as a land-grant institution, it is an adventurous community of students, faculty and staff distinguished by its commitment to addressing the world's greatest challenges. MSU empowers individuals to discover and pursue their aspirations. It inspires people to engage with the university to improve the human prospect through excellence in education, research, creativity and civic responsibility.

Learning

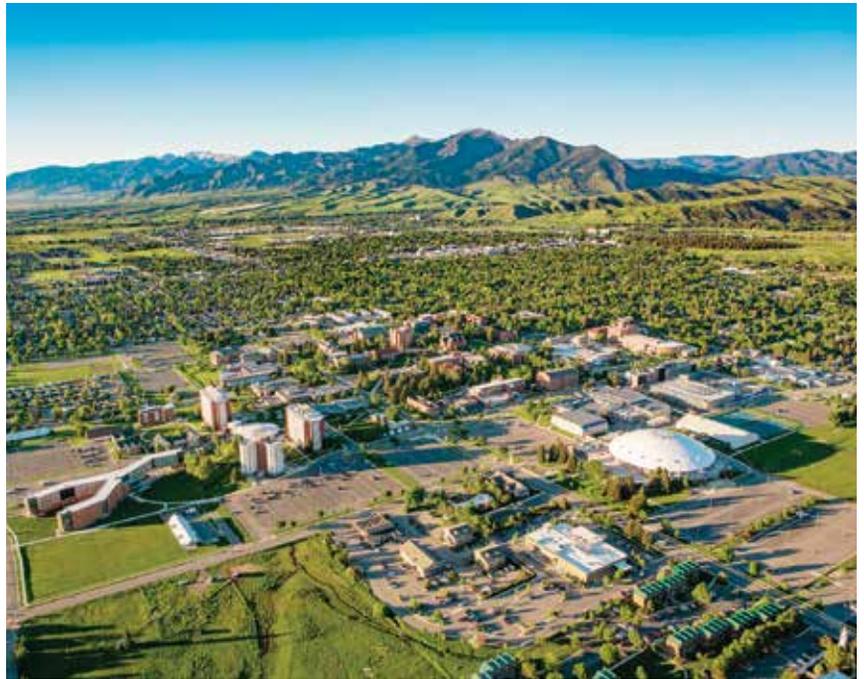

MSU's research and inquiry-based curriculum inspire big ideas. Through the integration of learning and discovery, students gain hands-on experience that prepares them for successful careers. Graduating seniors consistently outperform their peers nationally on professional exams in business, engineering, nursing and dietetics.

Discovery

Montana State is designated by Carnegie® as a university with very high research activity and is one of only two such institutions in the country with a very high undergraduate profile. It is among the top three percent of colleges and universities in the nation for research spending with expenditures exceeding \$138 million in 2019, and is the largest research entity in the state of Montana. Areas of expertise range from biomedical sciences, energy and optics to agriculture, snow science and Yellowstone.

Engagement

MSU has earned the Community Engagement classification from The Carnegie Foundation for the Advancement of Teaching, which recognizes MSU's commitment to teaching that encourages volunteer service in communities and the sharing of knowledge that benefits the public. Through student clubs, class projects and outreach activities, MSU students help people and communities around the globe.

Montana State University

MSU Facts

Year founded: 1893

Institution type: public, doctoral

Degree options: more than 250 academic options within its colleges and programs – agriculture; arts & architecture; business; education, health & human development; engineering; letters & science; nursing; honors college; Gallatin College MSU; and the graduate school

Accreditation: regionally accredited by Northwest Commission on Colleges and Universities (NWCCU); professional schools and departments approved by specialized accrediting organizations

Degrees offered: associate, bachelor, master's, doctoral

Enrollment: 16,766 (fall 2019)

Mascot: Bobcats

Colors: blue & gold

Athletic division: NCAA Division I
(Football Championship Subdivision–FCS)

Athletic conference: Big Sky Conference

Varsity sports: Men: football, basketball, NIRA rodeo, track, cross-country, alpine and nordic skiing, tennis and Spirit Squad (cheer and dance) Women: volleyball, basketball, track, cross-country, tennis, NIRA rodeo, golf, alpine and nordic skiing and Spirit Squad (cheer and dance)

MSU highlights:

MSU is among the top 5 public universities in the country for number of Goldwater Scholarship recipients, the nation's premier award for excellence in math, science or engineering.

The best and brightest Montana high school graduates choose MSU. Of the graduating high school seniors who received the Montana University System Honors Scholarships in 2019, 72 percent chose to enroll at MSU. The entering class also boasts 8 National Merit Scholarship finalists and a record high average GPA of 3.57.

MSU research has led to significant discoveries that are changing the world. With more than 264 active technology licenses, 70 active issued patents and 36 plant variety certificates, MSU provides particular expertise in the fields of agriculture/natural resources, energy, materials/manufacturing, health and biomedical as well as big data/cyber infrastructure.

Many of MSU's programs are recognized among the best in the country, including solar physics, filmmaking, animal and range sciences and engineering.

MSU is the largest university in Montana and the largest research and development entity of any kind in the state, which translates into many opportunities for students to be a part of meaningful hands-on research, creative projects and economic prosperity for the area.

The MSU chapter of Engineers Without Borders works in partnership with communities in Khwisero, Kenya. There they complete projects that help provide clean water and a more sanitary environment, which has enabled the children to spend more time in school rather than walking miles each day to fetch water. Due in part to their efforts, MSU has won the prestigious C. Peter Magrath University Community Engagement Award.

Montana State University Innovation Campus

The Montana State University Innovation Campus is a high-tech R&D campus located in Bozeman's education and research corridor adjacent to the university. It provides a place where MSU, private and government researchers and scientists collaborate to conduct cutting-edge research, advance technologies and promote academic and industry collaboration. As the leading university-related research park in the state, the Montana State University Innovation Campus offers: state-of-the-art R&D facilities such as the new Applied Research Lab to support early-stage startups, as well as small, medium and large R&D companies; a place where students gain hands-on, real-world learning experiences that often result in full-time employment upon graduation; and services, programs and expertise to support the transfer of technology from MSU and stimulate the growth of research and technology-based enterprises.

Simply put, the **Montana State University Innovation Campus** is a **unique R&D community** that connects people and ideas, promotes public-private partnerships, stimulates new ideas and advances research and science **that transforms the world.**

Clusters of high-tech R&D companies in the following areas have already been established at MSU's Innovation Campus:

Agriculture	Molecular and Cellular Biology
Biotechnology	Advanced Materials
Laser and Optics	Pharmaceuticals
Infectious Diseases	Biofuels
Applied and Environmental Engineering	Software and Hardware

Top Reasons Why Businesses are Drawn to the Montana State University Innovation Campus in Beautiful Bozeman, Montana:

1. Location – Location – Location – the MSU Innovation Campus is located in the heart of Bozeman's education and research corridor adjacent to Montana State University.

2. MSU Innovation Campus is a prestigious high-tech R&D campus and the nucleus for Bozeman's high-tech economy.

3. Bozeman has a strong educated workforce (54% of the population holds undergraduate and graduate degrees) and companies have access to MSU's top students.

4. Montana State University is classified among the top 3% of universities in the nation for maintaining very high research activity according to the Carnegie Foundation for the Advancement of Teaching.

5. Access to MSU's intellectual capital (Tech Transfer and Intellectual Property).

6. Access to the university's world-class research centers and institutes.

7. Bozeman is frequently recognized for offering outstanding quality of life by numerous media outlets; accolades include making Outside magazine, New York Post and Money magazine's respective lists of best places to live and being recognized by National Geographic as one of the world's best ski towns.

8. Montana ranks 5th in the nation for business tax climate (2020 ratings released by the Tax Foundation) while Bozeman tops the list of Policom's micropolitan economic strength rankings.

9. Montana has fast become a top state for startup activity (Kauffman Index of Entrepreneurial Activity) and Bozeman is considered the state's tech industry leader by The App Association.

10. Montana is famous worldwide for its natural attractions: mountain vistas, rushing rivers, ski hills and unparalleled opportunities to watch wildlife.

GALLATIN COLLEGE MONTANA STATE UNIVERSITY

Gallatin College MSU is Southwest Montana's premier two-year college, offering associate degrees and one-year professional certificates. Gallatin College ensures access to education and workforce development that promotes a vibrant local economy. Supported in part by local funding, Gallatin College is committed to meeting the workforce needs of the area's industries. The College collaborates extensively with business leaders to develop new programs and provide responsive training options that meet local workforce needs such as a culinary arts program and photonics and laser technology.

One- and two-year workforce programs help students improve their skills and advance their career opportunities, or prepare for a career change. To enhance educational opportunity, Gallatin College offers developmental coursework, transfer programs and dual enrollment options. Developmental courses are designed to help students of any age develop their skills and be successful in subsequent college level courses. Transfer degree options allow students to fulfill general education requirements in preparation for a four-year degree, while dual enrollment enables area high school students to earn college credit.

Culinary arts instruction at Gallatin College MSU

High quality instruction, small class sizes, affordability and academic support services are hallmarks of the college.

Gallatin College MSU is Southwest Montana's premier two-year college, offering associate degrees and one-year professional certificates.

Gallatin College MSU Facts

Bozeman Public Schools- Elementary

At first glance, the Bozeman Public Schools might appear to be a small school district. There are eight elementary schools, two middle schools, two high schools and a charter academy. There are approximately 7,200 students and 900 full-time and part-time employees. The Bozeman Public School System covers an area much larger than the city of Bozeman. There are two districts, Elementary District #7 and the Bozeman High School District. The school system is a public entity under the authority of the state.

Kindergarten

Kindergarten classes in the Bozeman schools are full-days during the regular school year for children who are age five on or before September 10. Kindergarten classes begin a few days later than the other grades to allow for kindergarten orientation, providing a positive and informative introduction for students, parents and teachers.

At the time of registration parents must provide the school with the child's birth certificate and immunization records. State law requires that the child has the standard series of vaccinations and immunizations or submit either a notarized Affidavit of Exemption on Religious Grounds form or a medical exemption signed by a medical doctor.

Elementary Grades 1-5

Students who are six years old on or before September 10 or who have successfully completed kindergarten in an accredited school in another state during the previous year, may enter first grade. The average class size is 20 students for grades K-2, 28 for grades 3 and 4 and 30 for grade 5. Bozeman Public Schools and Greater Gallatin United Way of Gallatin County partner to provide KidsLink before and after school programs at each elementary school. Bozeman Public Schools and Greater Gallatin United Way of Gallatin County partner to provide KidsLink before and after school program at each elementary school.

Registration

All K-5 registration is completed online or in the Enrollment Office at 404 W. Main Street. The Enrollment Office can be reached at 522-6005.

Middle School Registration

Registration for middle school students and students entering the middle school for the first time is completed in the spring at each middle school. Students who are unable to pre-register at this time will have the opportunity to do so during the summer months (new students need to bring their immunization records and birth certificates).

High School

Bozeman High School had an enrollment of 2,231 in 2019-20. The school was twice named as one of the outstanding schools in America by the U.S. Department of Education and is accredited by the Advanced-Ed Accrediting Association and the Montana Office of Public Instruction. Several Bozeman High graduates have gone on to become Rhodes Scholars, many others have enjoyed successful careers as adults including playing in the NFL and becoming CNN news anchors.

Bozeman Gallatin High School is Bozeman's newest high school and will be open for the 2020-21 school year. Gallatin High will open in the fall of 2020 with grades 9-11 and a student enrollment of approximately 875. There will be a corresponding decrease in the enrollment at Bozeman High School. The Raptors look forward to maintaining the same standards of academic and athletic excellence that Bozeman is known for.

Registration

Registration for high school students is completed in the spring. New students to the district should go to their respective High School Registrar with their parents/guardians to complete the registration process. **Until June 12, 2020 registration for Gallatin High School is taking place at Bozeman High School.**

More families coming to Bozeman means more need for health care services

In 2017, Bozeman and Gallatin represented one of the fastest-growing metropolitan areas in the country, with a rapidly growing population and an expanding need for health care services that has only continued since.

With the new residents comes the need for health care, and Billings Clinic is there to help. Billings Clinic is Montana's largest health care organization and offers resources,

expertise, specialty and subspecialty services across the region. They have started laying the infrastructure for construction of a new destination ambulatory center in northwest Bozeman, near Interstate 90 and the 19th Street exit. The plan for the center, expected to open in late 2021, includes a multispecialty physician group practice, urgent care, an outpatient surgical center and a home for outreach services from Billings Clinic's more than 80 specialties.

For many years, Billings Clinic has been serving the community of Bozeman with high quality, compassionate women's and children's services at their two locations in the Gallatin Valley, known as Billings Clinic Bozeman OB/GYN and Billings Clinic Bozeman Acorn Pediatrics. As they look to grow in 2021, their established Billings Clinic Bozeman clinics continue to offer primary and specialty care to families.

Billings Clinic Bozeman OB/GYN has provided comprehensive health care to Bozeman area women for obstetrics, gynecology, infertility and female urology since 1976, joining the Billings Clinic family in 2005. A team of physicians, physician assistants, nurses and support staff are available to care for women throughout the area, from childhood through adulthood. The clinic provides specialized care in reproductive medicine, gynecologic oncology, maternal-fetal medicine, and nephrology keeping patients close to home for complex conditions. The reproductive medicine team offers the only specialized care to help people grow their families and Billings Clinic has the only in vitro fertilization program in a five-state region.

The team at Billings Clinic Bozeman Pediatrics takes the time to learn about each child and family while also providing support and guidance to parents. They offer same day and immediate care for injury and illness in addition to well-child visits, immunizations, and comprehensive care to help children grow up healthy. Billings Clinic has the most comprehensive pediatric specialty services in the area with specialists seeing patients at home in Bozeman including cardiology, diabetes/endocrinology, neurology, pulmonology, and urology.

Both OB/GYN and Pediatrics have easy access, with short wait times for patients needing care right away. As part of Billings Clinic, they work together to ensure a continuity of care for patients and their families.

For more information on Billings Clinic Bozeman Pediatrics, call 406-522-5437. For more information about Billings Clinic Bozeman OB/GYN, call 406-587-9202. Additional details can also be found at billingsclinic.com/bozeman and on the Facebook pages of both services.

We are Billings Clinic Bozeman

For many years, Billings Clinic has been serving the community of Bozeman with high quality, compassionate women's and children's services at our two locations in the Gallatin Valley, known as Billings Clinic Bozeman OB/GYN and Billings Clinic Bozeman Acorn Pediatrics. As we look to grow in 2021, our established Billings Clinic Bozeman clinics continue to offer exceptional primary and specialty care to families.

OB/GYN - Board Certified Physicians

Our team offers the most comprehensive women's services in the Bozeman area. Our providers are there to care for you through every stage of life. For couples trying to conceive and women with high-risk pregnancies, we offer maternal fetal medicine and the only reproductive medicine specialists in the region.

Bozeman Health

Bozeman Health is honored to care for the communities within Southwest Montana.

Bozeman Health is comprised of a passionate team of nursing, advanced care practitioners, physicians, and support services team members driving excellence in patient care with a focus on quality, safety, and delivering the best care possible close to home. As an integrated healthcare delivery system serving an eight-county region, we are governed by a volunteer community board of directors. We take seriously our responsibility as the largest private employer in Gallatin County, with more than 2,000 employees, including 250 medical providers representing 40 clinical specialties. It is our privilege to deliver expert, compassionate health and wellness services across the care continuum, designed to meet the diverse healthcare needs of the communities we serve.

As a faith-based, non-profit health system, investment in our community means we reinvest revenue into facilities, technology, and health care services to ensure that our facilities are up-to-date and our equipment and services are state-of-the-art. Our vision is to be our community's partner in health and wellness, compassionately delivering the best care for each person, every time. Our mission to improve community health and quality of life is lived out every day through our employees, providers, programs, and services.

Bozeman Health Deaconess Hospital is an 86-bed facility, DNV GL-accredited, licensed Level III trauma center located in Bozeman, recently recognized as a Top 100 Rural Community Hospital by The National Rural Health Association in 2020. Deaconess Hospital is currently undergoing significant expansion by revitalizing its main entrance, adding a three-story patient care tower that will include a new, state-of-the-art intensive care unit, as well as adding a neonatal intensive care unit within its Women's and Children's tower. Primary care practices associated with the health system were the first in Montana to receive National Committee for Quality Assurance Level III Medical Home Recognition.

BOZEMAN HEALTH

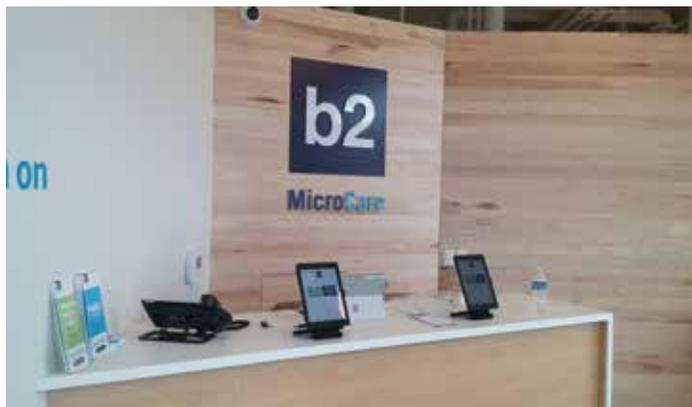

bozemanhealth.org/emergencyandurgent

Bozeman Health Big Sky Medical Center offers critical care to the Big Sky and West Yellowstone communities and surrounding areas. Built as a four-bed inpatient unit, the facility is designed to expand to eight beds without additional construction. The two-story, 35,000-square-foot facility houses numerous services under one roof—improving access to healthcare in a local community setting—with x-ray, CT, MRI, lab, retail pharmacy, family medicine clinic, urgent care, 24/7/365 emergency services with a heli-stop for air ambulance, and inpatient medical care.

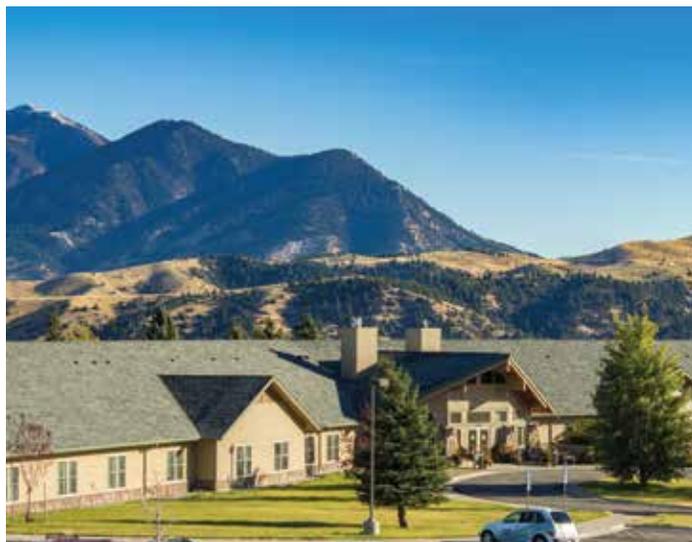

We're proud to serve the Belgrade, Manhattan, Churchill and Three Forks communities through services available at Bozeman Health Belgrade Clinic + Urgent Care. With family medicine, urgent care laboratory and diagnostic imaging services, physical therapy, and pediatrics, we can care for your whole family in one location. Urology and oncology specialists are also available at Belgrade Clinic via appointment.

Bozeman Health brings fast, convenient care to Southwest Montana through b2 Care, our retail health locations that include b2 MicroCare, b2 UrgentCare, and b2 VirtualCare. At b2 Care, we seek to deliver convenient access to care when and where you need it. Schedule a same-day appointment for b2 UrgentCare and b2 MicroCare or talk to a doctor 24/7 with b2 VirtualCare. Learn more at b2Cares.org.

Bozeman Health Hillcrest Senior Living, a member of the American Association of Homes and Services for the Aging, is an adult retirement community featuring both independent living apartments at Aspen Pointe and assisted living accommodations in Birchwood. The community houses more than 150 seniors and employs more than 80 full-time and part-time staff. It is located adjacent to Bozeman Health Deaconess Hospital, making emergency or regular care easily accessible.

WITH GRATITUDE

Together, we raised the bar on great local healthcare.

Thanks to the generosity of donors like you, Bozeman Health raised more than \$18,000,000 during the Caring Forward Campaign. These charitable gifts are already helping to enhance intensive care services for adults and infants, expand charity care and outreach services for our vulnerable, fund innovation cancer care, cardiac care and behavioral health and make Bozeman Health Deaconess Hospital and Big Sky Medical Center two of the best hospitals in Montana.

Want to learn more about how you can help Bozeman Health grow with our communities? Call 406-414-1085 or visit bozemanhealth.org/foundation.

WATER CONSERVATION

At the City of Bozeman Water Conservation Division, we're dedicated to providing our community with tools and resources to make water smart decisions both inside and outside your home.

For information about what you can do to help conserve water and to find tips and rebates that will help you save water and money for your home or business, visit www.bozemanwater.com and select Water Conservation.

PARKING

In City limits, vehicle, RVs, trailers, drift boats, and other vehicles parked on city streets are required to be moved every 72 hours to avoid ticketing and towing.

For life downtown, the Parking Division manages the parking garage at 26 E. Mendenhall Street and four off-street lots, and on-street parking. **FREE** two-hour parking is available in all of these locations, with additional pay parking available at the garage location only.

For more information about parking within City limits, please visit www.bozeman.net/government/parking

GARBAGE & RECYCLING

Garbage Service: The City offers weekly pick-up services for both residential and commercial customers in a wide variety of container sizes. Curbside pick-up is typically one time per week.

Recycling Service: Single-stream recycling with curbside pick-up every other week on your garbage pick-up day.

Other Services: Bulky item pickup, roll offs for larger projects, commercial services, and seasonal yard waste pickup.

Visit www.bozemansolidwaste.com or call 406-582-2332 to inquire about signing up.

The City of Bozeman would like to be among the first to welcome you to our beautiful city!

STREET MAINTENANCE & SNOW REMOVAL

Winter Snow Removal: After snowfall, our yellow plows clear emergency routes and main arterials as our first priority. Move your car off street (trailers too!) after snowfall so our plows can clear snow to the curb.

Spring Street Cleaning: In the spring, we send our street sweepers out to our residential streets as soon as the weather permits to clean our streets of winter gunk.

Summer (also known as construction season): Construction starts as soon as the weather permits in spring, and will go until the weather doesn't allow for work in the fall.

Fall Leaf Pickup: Every fall we'll pick up your leaves (for free!) as soon as the leaves have fallen and weather permits.

Keep up to date year-round on ALL Bozeman street conditions by following @BZNStreetReport on Facebook and Twitter. Or visit www.bozemanstreetreport.com

SAFE • RELIABLE • DEPENDABLE

Karst Stage, Montana’s premier transportation company, has a rich tradition in the Gallatin Valley. Current co-owner and General Manager Dan Martin says, “Over a century ago, Pete Karst delivered mail from Bozeman to West Yellowstone by stage coach and floated logs down the Gallatin River.”

While the business has been around a long time, Martin explains how they treat every day and opportunity as a new one. “Since the business’s inception, there has been a recurring theme of change. We have always tried to seize the opportunities by being community driven.”

An example of this is that Karst is contracted to run both the Bozeman (Streamline) and Big Sky (Skyline) transit systems. Based on community feedback, Karst pitched the idea of linking the two systems together to Skyline, and now they run 8 roundtrips daily.

Some of those connections reach far beyond the community because Karst run airport shuttles out of Bozeman Yellowstone International airport. Martin says, “People come into our beautiful airport from all over the world and call us to transfer them throughout Bozeman, Big Sky and

the Gallatin Valley. Our Yellowstone Day guided day trips have also become really popular. With our new location in Billings, we have really branched out to cover the majority of the state.”

Karst has 20 charter buses to choose from including mostly Prevost motorcoaches—the world’s most premium passenger coach. The coaches go anywhere from a local wedding to 14 day charters through numerous western National Parks.

Today the company employs nearly 100 people, and has about 50 vehicles to choose from. Martin concludes, “We are carrying on Pete Karst’s torch. Over a half million passengers travel on our vehicles to business meetings, on vacations, and to special events. But it’s our driver’s willingness to share their Montana experiences and their focus on safety that will make our passengers vacations stand out.”

For more information, visit their website www.KarstStage.com or call (406)556-3500

Performing Arts

Intermountain Opera Bozeman

Bringing opera and musical theatre to life on Bozeman stages since 1979, Intermountain Opera Bozeman's season consists of two fully staged operas and one musical theatre production. These spectacular shows feature rising stars from around the nation, supported by the finest local musicians in the chorus and orchestra, all pulled together with lavish costumes and sets. For more information on these and other Intermountain Opera Bozeman offerings visit IntermountainOpera.org.

Bozeman Symphony Orchestra

The Bozeman Symphony Orchestra and Symphonic Choir is one of the area's most highly regarded performing arts organizations. The organization presents six major subscription concerts, free family performances, and several special events each symphonic season. The Bozeman Symphony is consistently praised for high-quality performances and artistic standards presenting guest artists from around the world, while providing employment and engagement opportunities to more than 300 local people. The Symphony also presents a wide array of Far Afield performers dedicated to education and outreach programs throughout southwest Montana.

#BestOfBozemanThreeYearsRunning

Rialto

The aura of the Rialto is a seamless merging of historical elements, a modern aesthetic, and a sense of reinvention. Designed to reflect a spirit of curiosity, the Rialto presents compelling displays of art and boundary-pushing music. The Rialto also provides the Bozeman community with an engaging space for one-of-a-kind private gatherings, events, and celebrations. The Rialto is a forum for whatever interaction you wish to pursue.

Museums

American Computer and Robotics Museum

“An eye opener for 9 year olds to 99-year-olds.” - Montana Magazine

The American Computer & Robotics Museum is the oldest continually operating museum of its kind, anywhere! Our exhibits span 4,000 years of invention and innovation, from original cuneiform tablets to today's quantum computers, and include tons of information and amazing artifacts on topics like Artificial Intelligence, the Apollo Program, Cracking the Enigma Code, Robots and You, and much more. We've earned a Certificate of Excellence from TripAdvisor for six years running, and are consistently ranked among the Top Things to Do in Bozeman. Visit us, and you'll see why distinguished Harvard scientist Edward O. Wilson calls us, “Inch for inch, the best museum in the world!”

Visit www.acrmuseum.org for information on admission, hours, and special programs.

Museum of the Rockies

Museum of the Rockies at Montana State University is a Smithsonian Affiliate, recognized as one of the world's finest research and history museums. It is renowned for displaying an extensive collection of dinosaur fossils, including a complete *T. rex* skeleton! MOR delights visitors with changing exhibits from around the world, permanent indoor and outdoor regional history exhibits, planetarium shows, educational programs, insightful lectures and a museum store.

600 W. Kagy Blvd. | 406-994-2551 | museumoftherockies.org

Gallatin History Museum

Step back in time and learn about Gallatin County's rich heritage. The Gallatin History Museum is located in the original county jail built in 1911. In addition to jail cells and a hanging gallows, the museum maintains displays illustrating the unique histories of a variety of people who have called Southwest Montana home. Permanent exhibits include Gallatin Agricultural Heritage Room, a model of old Fort Ellis, the infamous Big Horn Gun, music room and Olde Time Theater. Visitors can step inside an authentic 1870's log cabin or browse the bookstore full of unique titles from area authors and historians. The research center has a photo archive of over 20,000 images. The museum is within easy walking distance of downtown Bozeman's many restaurants, art galleries and shops.

The Montana Science Center

Montana Science Center is a creative, hands-on learning in science and technology center for families and visitors of all ages! Explore several interactive exhibits, high-tech makerspace STEAMlab, family programming, and community outreach events. Open Monday through Saturday, 9:00am - 6pm in a brand new location. \$9 for visitors 2 and up. Visit our website at montanasciencecenter.org for a full list of activities and exhibits.

Farmer's Market

Today's Farmer's Market is a far cry from those of the past, and from the chain supermarkets that are now commonplace across the nation. As cities grew, so did regulations regarding how farmers and rancher could sell their wares. Sometimes these aided the consumer, but far too often they served the needs of supermarkets and their giant parent organizations.

The Montana Department of Agriculture, with local grass roots support, established guidelines for farmer's markets across the state in 1977. The basic rule: you have to grow it or produce it to sell it. Goods can come from anywhere; a seller's backyard or even one of Montana's biggest cattle ranches.

Interest in supporting native grown, self-sustained agricultural produce spurred the development of the Montana farmer's market. Equally important is the fact that it is a place to see and be seen. Live music, arts and crafts and a laid-back western vibe give even the casual observer a reason to pause, enjoy and socialize. But perhaps it is most important to note that when visiting the farmer's market, you are helping to preserve family farms and Montana's cherished historical, cultural and family values. Some items you'll likely find at a Bozeman Farmer's Market include: Goat Cheese, Dixon Melons, Flathead Cherries, Fresh Milled Flours, Gourmet Salsas, Assorted Livestock, Locally Raised Beef & Pork, Arts & Crafts, and Organic Produce.

Life is Downtown...

We invite you to walk the streets of Downtown Bozeman, breathe the fresh mountain air and enjoy all of our downtown amenities. Whether you are looking for a piece of western artwork, need a Montana souvenir, or want to grab a bite to eat, you will discover an array of casual and fine dining restaurants, art galleries, unique retail shops, sporting goods for all your outdoor adventures and much more! Whether you need to gear up, dress up or get down to business, Downtown Bozeman has it all.

Downtown Bozeman hosts over 30 special events throughout the year. There is always something exciting to experience in Downtown Bozeman...

The **Bridal Walk** has grown into a fabulous spring tradition in Downtown Bozeman. Always in early April, brides and their entourage are invited to roam the streets of downtown and take advantage of the numerous businesses that cater to a wide variety of wedding needs. From bridal wear to flowers, cakes, jewelry, or honeymoon assistance...the Downtown Bridal Walk has everything to offer for the Montana wedding. You can also sample wedding cakes, taste wines, and have a chance to win great prizes. Same-Day registration is available in the Baxter Hotel at 105 West Main Street.

Music on Main is an outdoor summer concert series held Thursday evenings from late June through mid-August. This free community event features local and regional bands playing an array of music genres from bluegrass to funk, reggae to blues. Each night also includes local food vendors, kid's activities and more. Approximately 20,000 people visit Main Street in Downtown Bozeman over the course of this popular summer event. Music on Main is continuing to adapt and grow with the Gallatin Valley giving the community one more reason to get out and enjoy Downtown Bozeman.

Art Walks have become a favorite Bozeman event for locals and visitors alike. The Downtown Art Walks occur on the second Friday of the month from June through September including a special "Winter" Art Walk in December. Dozens of art galleries and businesses along Main Street and at the Emerson Center for Arts and Culture display artwork of all types. The hosting businesses feature artists' openings and receptions that often includes hors d'oeuvres and complimentary refreshments. Weather permitting, local musicians enliven Main Street as you stroll.

The "**Cruisin' on Main**" Annual Car Show has grown into one of the biggest car show events in the region. With over 300 cars displayed, 5,000+ spectators, food vendors, sponsor booths and more,

this event shouldn't be missed. On the 3rd Sunday in August, same-day registration for vehicles begins at 8am at the intersection of Black and Main. Car enthusiasts are invited to enter their vehicles in the show and all classes are welcome. Attendees are also encouraged to vote for their favorite "rides." Gift bags and dash plaques will be given to all registered vehicles and trophies will be awarded in over twelve car categories including a "People's Choice" and "Best of Show".

Summer and Winter Crazy Days are annual retail clearance sales. The Downtown Summer Crazy Days is the biggest, the best and the original sidewalk sale in Bozeman. During the 3rd weekend in July over 100 Downtown merchants take to the sidewalks with unbelievable sales on all kinds of merchandise (many locals consider this event the best time to buy skis!). Then again over President's Weekend, the Winter Crazy Days also features over 100 merchants offering unbelievable end-of-winter sales. This is a great chance to save on those items you have wanted all winter long.

The **Christmas Stroll** is Bozeman's most beloved annual holiday tradition. Always on the first Saturday in December, the Christmas Stroll has marked the kick-off of the holiday season for over 30 years. Santa Claus works his way from the Emerson Cultural Center down Main Street singing Christmas carols and lighting the downtown holiday lights with more than 5,000 people in tow. Then enjoy horse drawn wagon rides, pictures with Santa Claus, entertainment, holiday treats and much more! Buttons are available for purchase before Thanksgiving at various Bozeman locations.

Above is a brief list of some of our favorite annual downtown events hosted by the DBA but for a full list of DBA and Community Events, visit www.downtownbozeman.org. Our informative website also features a directory of our amazing Downtown Bozeman businesses as well as a calendar of all the fun happenings in and around the Bozeman area. **Life is Downtown...**

BRIDGER BOWL

Ski the Cold Smoke! Bridger Bowl, a nonprofit, community ski area since 1955 is located only 16 miles north of Bozeman on Highway 86. Our mission “to provide a quality ski (and snowboard) experience at the best possible price commensurate with sound business practices” keeps ticket prices affordable allowing for the best skiing and riding in the Rockies at a fraction of the price. Bridger Bowl boasts 8 chair lifts ranging from a dedicated beginner area with 2 surface lifts and chair lift to the experts only Schlasman’s lift (transceiver required) which takes adventurous skiers to the summit. Double black diamond skiers and riders will find a vertical playground of chutes, snowfields and cliff bands. Beginner and intermediate skiers will enjoy over 500 acres of beautiful, wide-open low angle terrain by the popular Alpine Cabin. With 2,600 vertical feet covering 2,000 acres of terrain, 4 beautiful day lodges, a professional ski and snowboard school and a complete line of rental and retail services, your whole family will fully enjoy this Montana gem. Large alpine bowls and superb natural terrain features including glades, smaller bowls and gullies provide the opportunity to hone skills and test limits. Bridger Bowl is one of the best ski areas in North America offering a big-mountain experience with a friendly, local vibe.

Photo courtesy of: Rob Wales

Mountain Stats:

Base Elevation: 6,100 feet Top Elevation: 8,800 feet

Vertical Drop: 2,700 (2,600 lift served)

Average Annual Snowfall: 300 inches

Trails: 75+ Lifts: 1 Quad, 6 Triple, 1 Double, 3 Surface

2019-20 Ticket Rates: Adult (13-69): \$63 Senior (70-79): \$35

Super Senior (80+): Free Child (7-12): \$25 Child 6 & under: Free

For more information call 1-406-586-1518 or visit bridgerbowl.com

Custer Gallatin National Forest

You can experience cross country skiing and snowshoeing in Montana the moment you arrive in Bozeman. There is a groomed trail in **Lindley Park**, located on East Main Street, as well as several other in-town trails, providing cross country skiers and snowshoer's the opportunity to enjoy their sport right away. The Custer Gallatin National Forest provides access to hundreds of acres of winter wonderland with spectacular views and wildlife viewing. Some popular trails near Bozeman include **Bear Canyon**, **Hyalite Reservoir** area and the **Mystic Lake** trail. You may enjoy an overnight back country experience by renting a forest service cabin. Space and cabins are furnished with bare basics, are remote, limited, and rented on first-come first-served basis. Check the number listed below for more information. Within a few hours' drive from Bozeman there are two groomed cross country public trails including **Bear Creek Road** near Gardiner (near the north entrance of Yellowstone National Park) and **Rendezvous Complex** near West Yellowstone.

Call the Chamber or check with **local ski shops** for locations in the city and nearby trails.

From rugged mountain terrain to fields and roadways, some of Montana's most beautiful sights can be found when you cross country ski or snowshoe the forest and backcountry of Custer Gallatin National Forest.

SNOWMOBILING

Bozeman area snowmobile enthusiasts have access to thousands of miles of groomed and un-groomed trails and some of the longest snowmobile trails in America. The Bridger Mountains Trail System consisting of Brackett-Fairy Lake and Olsen Creek-Bangtail Ridge trails is just 15 miles northeast of Bozeman. The Gallatin Range is just minutes south of the city. Here, snowmobilers can take advantage of the historic Big Sky Trail that starts southwest of town at Little Bear Creek and traverses 123 miles through the Gallatin Range to West Yellowstone. There are five additional access points along this trail. For families and the advanced riders, Busk Creek Ridge Trail off US Hwy 191 just south of Big Sky, provides miles of excellent play areas, as does Taylor Fork/Carrot Base, located 15 miles further south. More extreme riders will appreciate the Portal Creek to Buffalo Horn segment of the Big Sky Trail. Go east and just over Bozeman Pass, the Crazy Mountains offer a wide range of trails for your pleasure. Snowmobiling in Yellowstone National Park is available through commercial guides and can be arranged through various rental operators in West Yellowstone. Non-guided snowmobiling is only permissible with a non-commercial snowmobile access permit, which are awarded annually through a lottery system. Regardless of your ability, the Bozeman area has snowmobile trails that will provide days of fun and excitement.

TRAIL COURTESY

TRAIL SAFETY AND ETIQUETTE

- Respect wildlife
- Don't cut switchbacks
- Pick up litter
- Do not drink directly from lake or streams

MYSTIC LAKE

Distance: 11 miles one way

Climb: about 200 feet

Directions: From Bozeman City limits, go East on I-90 for 4.5 miles to the Bear Canyon exit. Travel west for .5 miles to Bear Canyon Rd. Follow Bear Canyon Rd south for 3.5 miles to New World Gulch parking area. The trail begins on the west side of the road.

BOZEMAN CREEK TRAIL

Located in Sourdough Canyon directly south of Bozeman. The trail is an old logging road with gradual ascent that follows the creek.

Distance: 0.5 to 22 miles;
6.2 miles of more difficult trails.

Directions: Take S. Church Avenue (becomes Sourdough Road after crossing Kagy Blvd.) heading south, turn right on Nash Road and continue a short distance before turning left on Sourdough Canyon Road. Follow Sourdough Canyon Road until the end of the road.

EAST GALLATIN RIVER TRAIL & GLEN LAKE (BOZEMAN BEACH)

Distance: 1.2 total miles

Directions: From downtown Bozeman Main St. head North on N. Rouse Ave. Travel 1.4 miles to Griffin Dr. Turn left and drive .3 miles to Manley Rd. Turn right and continue .6 miles to the signed East Gallatin Recreation Area.

"M" TRAIL

There are two trails to the "M": One, to the right from the parking lot, has a steeper ascent but a shorter trail; the second, to the left, is more gradual climb, snaking through a fir and juniper forest before arriving at the 250' whitewashed rock "M".

Distance: about 0.8 miles one way

Climb: about 850 feet

Directions: From Main St. in downtown Bozeman, head north on N. Rouse Ave. 4.2 miles to the signed trailhead on the left.

TRIPLE TREE TRAIL HILLTOP

Distance: about 2.25 miles one way

Climb: about 800 feet

Directions: Go south on Church, cross Kagy, at which point S. Church becomes Sourdough. Continue south past Goldenstein Lane and old water tower until you come to the Triple Tree Development. Go several hundred feet past the turnoff until you reach a small parking lot on the left. Park and follow the staked trails up the ridge.

MIDDLE COTTONWOOD CREEK

Follow the trail to the bowl between Saddle Peak and an unnamed peak.

Distance: ¼ miles one way

Directions: From I-90 and the 7th Ave overpass, drive 2 miles north on 7th Ave., which becomes W. Frontage Rd., to Springhill Rd. Turn right (north) and continue ¾ miles to Toohy Rd. on the right. Turn right and drive 1.7 miles to Walker Rd. Turn right again and continue 3.2 miles to trailhead.

please...

Pick up litter

CYCLISTS

- Yield to slower traffic
- Stop your bike for equestrians
- Slow down on hidden corners
- Stop for pedestrians when descending steep grades
- Warn others when passing
- Don't ride muddy trails

SACAJAWEA PEAK (elev. 9,665 ft)

Distance: 2 miles one way
Climb: about 2,070 feet
Directions: Take HWY 86 (Bridger Canyon Rd) for approx. 24 miles to Forest Rd #74. Turn west and continue for 7 miles to Fairy Lake Campground. The trail begins at the campground.

GOLDEN TROUT LAKES

Beautiful mountain scenery before reaching the lakes.
Distance: 2.5 miles one way
Climb: about 1,200 feet
Directions: Follow U.S. Highway 191 south of Bozeman for 38.6 miles to Portal Creek Road #984. Turn east on Portal Creek Road and continue southeast for 6 miles to a logged over area.

LAVA LAKE

Distance: 3.75 miles one way
Climb: about 800 feet
Directions: From Main St. in Bozeman, go west towards Four Corners (Main St becomes HWY 191). At Four Corners, turn left on HWY 191 (to Big Sky). Drive about 20 miles to Lava Lake parking area on the right hand side.

PAINTED HILLS TRAIL

Distance: 1.25 miles one way
Directions: From Main St., at the east end of downtown Bozeman, drive south on Church Ave. 1.6 miles to Kagy Blvd. Turn left on Kagy Blvd. Access on Kagy Blvd, just past Highland Blvd.

DRINKING HORSE

Distance: 1.2 miles one way
Directions: Head north on Rouse (eventually becoming Bridger Canyon Drive) from downtown Bozeman. Turn right into the Fish Technology center and look for trailhead parking.

SYPES CANYON TRAIL

Follow a creek-fed canyon on the west side of the Bridger Mountains. The hike leads through a lush, shady forest and up the south canyon wall.
Distance: 2 miles one way
Directions: From I-90 and 7th Ave overpass, drive 2 miles north on 7th Ave, which becomes W. Frontage Rd., to Springhill Rd. Turn right and continue 3.2 miles to Churn Rd. Turn right and go 50 yards to the signed trailhead at the end of the road.

TRUMAN GULCH

The stream fed drainage sits between Saddle Peak and Ross Peak, just to the west of Bridger Bowl Ski Area on the Gallatin Valley side of the range
Distance: 4 miles total
Directions: Heading north on Springhill Road, travel 8.5 miles to Springhill Community Road on the right. There will be a sign for Truman Gulch. Turn right and continue for 1.6 miles to Walker Road. The Springhill church is on the corner. Turn right and drive 1.1 miles to Forswell Road on the left. Continue 3 miles to the trailhead at the end of the road.

GARNET MOUNTAIN LOOKOUT

Distance: 4 miles one way
Climb: about 200 feet
Directions: Follow US Highway 191 south of Bozeman for 25 miles to Squaw Creek. Follow Squaw Creek south for approximately 1.5 miles to the trailhead.

HIDDEN LAKES

Distance: 3 miles one way
Climb: about 1,760 feet
Directions: Follow US Highway 191 south of Bozeman for 38.6 miles to Portal Creek Road. Turn east on Portal Creek Road and continue southeast for 3.3 miles to the Junction of Hidden Lake Road. The trailhead is 2.6 miles southwest on Hidden Lake Road.

PIONEER FALLS

Distance: 6 miles one way
Climb: about 2,000 feet
Directions: Follow Main Street from Bozeman, W. Main/Huffine Lane becomes HWY 191. At Four Corners, turn left to stay 191 South. Turn right on Spanish Creek Rd, a gravel road on the right hand side. The road sneaks up on you after going around several corners. If you go past, there are several turn abounds along the road. Follow the gravel road for about 9 miles, passing through Ted Turner's Flying D Ranch along the way.

please...

Respect wildlife

more hikes 

SWAN CREEK

Distance: 5 miles one way

Climb: about 1,800 feet

Directions: Drive West on Main St/Huffine Lane to Four Corners. Turn left onto HWY 191. Drive 24 miles South to Swan Creek Rd on the left. Drive 1.5 miles to trailhead.

RAT LAKE

Distance: 0.75 miles one way

Climb: about 160 feet

Directions: From Four Corners, follow 191 south for 16.5 miles. Turn left on the bridge across the river. Once over the bridge, take the road to the right. Once over the bridge, take the road to the right. Follow the road for about 6 miles (a few minutes in, take the right fork (there's a sign for Rat Lake). The Rat Lake trailhead is unmarked, but you can see the trail go off to the right and there's a large area for parking. The road afterwards curves to the left and goes upward to a VERY rough road.

HYALITE DRAINAGE

PALISADE FALLS

Towering cataract that drops more than 80 feet off a vertical rock at the Southern Base of Palisade Mountain.

Distance: .5 miles one way

Directions: From 19th Ave drive south 7 miles to Hyalite Canyon Rd. Turn left and continue past the Hyalite Reservoir and continue on the gravel road. At the fork, take a left towards Palisade Falls.

GROTTO FALLS

Enjoy the forest and see a beautiful waterfall.

Distance: 1.25 miles one way

Directions: From Bozeman drive south on 19th Street, 7 miles to Hyalite Canyon Road. Turn left on Hyalite Canyon Road & travel 12 miles to Forest Road 62. Take a right driving south for 1.9 miles to the end and the trailhead.

HYALITE PEAK (elev. 10,229 ft)

View 11 waterfalls up close, and that's not counting the smaller ones on the cliff's that rise up on the sides of this canyon.

Distance: 7.2 miles one way

Climb: about 3,300 feet

Directions: From Main Street in Bozeman, take 19th Street south away from the city. Follow 19th Ave to Hyalite Canyon Road, take a left. Follow this road past Hyalite Reservoir and continue on the gravel road. At the road fork, take right towards Grotto Falls. Follow the road until the end, which is the trailhead parking area.

MOUNT BLACKMORE (10,154 ft)

Distance: 5 miles one way

Climb: about 3,450 feet

Directions: From 19th Ave drive south for 7 miles to Hyalite Canyon Road #62. Turn left. Proceed south for 9.7 miles to the History Rock turnoff. The turnoff is on the west side of the road just 1 mile north of Hyalite Reservoir.

HEATHER LAKE

Distance: 6 miles one way

Climb: about 2,100 feet

Directions: From 19th Ave drive South 7 miles to Hyalite Canyon Rd. Turn left and continue past the Hyalite Reservoir and continue on gravel road. At the road fork, take a left towards Palisade Falls. Follow the road until the end, which is the trailhead parking area.

Day Trips

Enjoy all Montana has to offer. You'll experience beautiful scenery, historical sites and great culture.

BELGRADE

Incorporated in 1906, this important wheat shipping and milling center and one-time home of the famed Belgrade bucking bull, was established. A Serbian who purchased land in the vicinity is thought to have named Belgrade after the capital of his country. The first steel grain elevator in Montana was built here in the summer of 1904 by the Gallatin Mining Company.

Belgrade Chamber of Commerce 406-388-1616 belgradechamber.org

MANHATTAN

A far cry from its New York cousin, Manhattan's claim to fame is its annual Manhattan Potato Festival, featuring potato products from local farmers. Initially called Moreland, families from the Netherlands moved in to grow barley for malters near the new little town of Manhattan-renamed in January 1891 by a group of New York City investors who operated the Manhattan Malting Company. Incorporated in 1911, it was established in 1884 on the new railroad line.

THREE FORKS & MISSOURI HEADWATERS STATE PARK

The town of Three Forks is situated at the headwaters of the Missouri River. This area is the geographical point where the Gallatin, Jefferson, and Madison Rivers join to form the Missouri River and has some of the most colorful early history in Montana. It was significant to Lewis & Clark on their epic journey, to fur trade, and to the early Montana settlement. In addition, Three Forks was the crossroads of Indian trails. It was here that, just west of town, Sacajawea as a child was abducted from her tribe, the Shoshoni. Later, as an adult, she famously guided Lewis & Clark Expedition through the area.

The Lewis & Clark party arrived at the headwaters of the Missouri River in July 1805. They camped for a week along the Jefferson River just above the head-waters, while Clark recovered from a fever. In 1806, Clark was guided by Sacajawea across the valley from Three Forks to the pass leading directly into Yellowstone.

Visit the Headwater State Park or the Headwaters Heritage Museum in downtown Three Forks for more history on the Three Forks area. On your visit you can enjoy camping, hiking, wildlife viewing, picnicking and historical interpretive sites. The Missouri Headwaters State Park is located four miles north of Three Forks just off Interstate 90 and is open year-round. Parks fee charged.

Three Forks Chamber of Commerce 406-582-6743 threeforksmontana.com

VIRGINIA & NEVADA CITY

Once a booming gold mining town, Virginia City was also the original capital of Montana territory. Located 14 miles from Ennis, on Highway 287, Virginia City offers visitors the opportunity to walk along boardwalks and relive a part of the past. Both historic and architecturally significant, the past comes alive and your imagination will take over when you visit the restored buildings in this city frozen in time.

Virginia City's Opera House offers summer stock theater, providing the night after night of authentic Victorian theater and a rollicking vaudeville variety show. This is Montana's oldest professional theater, and not to be missed. Once a lawless town, Virginia City's darker history includes many tales of vigilantism, widely considered to be blight on the history of Montana. Visitors to Boot Hill will find the graves of five road agents that were hung in 1864.

Virginia City Chamber of Commerce 800-829-2969 virginiacity.com

LEWIS & CLARK CAVERNS

Located about 1 hour from Bozeman, these spectacular underground caverns offer visitors a chance to take a guided tour through the cave. Discovered in the early 1840s by local ranchers, the caves have been toured by visitors since the early 1900s. Proclaimed the Lewis & Clark Caverns by Theodore Roosevelt, the caverns offer visitors a unique look at nature's underground beauty. The park also offers an information center, fireside programs, a café, gift shop, and shady picnic areas.

The park also offers an information center, fireside programs, a café, gift shop, and shady picnic areas. The park is open year round for camping and hiking. The caverns are open for tours from May 1 - September 30. Call for admission fees.

Lewis & Clark Caverns 406-287-3541

LIVINGSTON

Just over the Bozeman Pass is a taste of the Wild West in Livingston, home of Calamity Jane and many more characters. Jimmy Buffet sings about it in Livingston Saturday Night - "A rockin' and a rollin' on a Livingston Saturday Night." You'll find delicious restaurants, exquisite fare, unique clothing and gifts as well as The Sleeping Giant resting in the Absaroka Mountain Range, visible just down 2nd street from most places in Livingston. Be entertained by the Blue Slipper Theatre and Firehouse Five Playhouse featuring musicals, drama and comedy. Visit The Livingston Depot Center that captures the spirit and history of the West through a variety of media, artifacts, photography, art and costumes. More than 500 objects and photos are exhibited.

Livingston Chamber of Commerce 406-222-0850 livingston-chamber.com

GARDINER

Gardiner is located at the north entrance to Yellowstone National Park which features the famous Roosevelt Arch as well as numerous restaurants and shops. Founded in 1880, Gardiner became a center of activity for visitors to the region, serving as the original and only year-round entrance to the park. This frontier town fed and sheltered miners and entertained the early soldiers who operated Yellowstone National Park. Elk regularly roam around town, while bighorn sheep come down from the mountains to graze within view.

Gardiner Chamber of Commerce 406-848-2969 gardinerchamber.com

GALLATIN GATEWAY

The agricultural and cattle shipping center was originally named Salesville for Zachariah Sales who settled there in 1865 and operated a saw mill for logs floated down the West Gallatin. Its name was changed in 1927, when it became home to the Milwaukee Railroad's 42,000 square-foot-Spanish style building, the Gallatin Gateway Inn, and the starting point for trips by bus through Yellowstone National Park.

GALLATIN CANYON & THE BIG SKY AREA

There's more to Big Sky than just "Skiing the Sky." Big Sky, just 48 scenic miles from Bozeman, offers a variety of attractions year-round in one of Montana's top recreation spots.

Big Sky and the Gallatin Canyon are surrounded by some of America's most pristine land. The Lee Metcalf Wilderness Area and the Yellowstone ecosystem help comprise more than 3 million acres of land set aside forever for protection and enjoyment. Several mountain peaks are in excess of 11,000 feet, including Big Sky's own Lone Peak at 11,166 feet. With this serving as a backdrop, visitors can look forward to a trip filled with the finest in outdoor activity and grandeur.

Dedicated and casual golfers alike are presented with a treat and a challenge when they enjoy a round at the Big Sky Golf Course, an 18-hole Arnold Palmer design that will accommodate all skill levels. For those who want to experience the wilderness up close and personal, area stables offer guided horseback trail rides lasting anywhere from one hour to a full day. Scenic gondola rides are also available high above the resort on majestic Lone Mountain. Bring a mountain bike (rentals are available) and ride down, or hike to the top and back down on one of the many trails back to the base area as you take in the breathtaking vistas and stunning wildflower displays. Walk quietly and you might be treated to some wildlife viewing, too. Five blue-ribbon trout streams grace the Canyon area, including the Gallatin River, where the movie "A River Runs Through It" was filmed. Try your hand at a self-guided trip, or take advantage of local outfitters who offer guided wading, float tubing, or boat fishing trips. The Gallatin River is also host to white water rafting and scenic floating opportunities.

Special events take place all summer long at Big Sky, highlighted by the Big Sky Arts Festival. Featuring classical symphony, jazz, bluegrass, country, folk, and pop concerts, the concerts are festive outdoor events and not to be missed.

Plan a ride down the Gallatin Canyon- it is never tiring and one of the most beautiful trips you will ever take.

Big Sky Chamber of Commerce 406-995-3000 800-943-4111 bigskychamber.com

HYALITE CANYON & RESERVOIR

The 34,000-acre Hyalite Drainage, part of the Gallatin National Forest, is a spectacular mountain valley that sits between the Gallatin Canyon and Paradise valley just south of Bozeman. This popular recreational area contains a large reservoir built in the 1940s, which today has a hold capacity of 8,000 acre feet. Its coves and caves, plus easily accessible pier, offer great trout fishing spots.

Hyalite Reservoir provides drinking water for the city of Bozeman and irrigates the Gallatin Valley. The Hyalite Drainage Recreational Area is surrounded by 10,000 foot mountain peaks, creeks, streams, lakes and numerous waterfalls. The hikes to Blackmore Lake, Palisade Falls, Emerald and Heather Lakes, and the trail to Hyalite Lake all lie in the Hyalite Canyon. This glaciated, carved valley is mesmerizing in its beauty and splendor, and a great getaway for all to enjoy.

HEBGEN LAKE

This reservoir of Northwestern Energy, with a capacity of 331,537 acre feet, supplies supplementary water in dry season to the hydro-electric plants on the Madison and Missouri. Construction of the dam began in 1908 and was completed in 1915. It's a beautiful lake to visit on your way to Yellowstone, do a little fishing, or water ski in the summer.

QUAKE LAKE

The Hebgen Lake area was rocked by an earthquake that measured 7.1 on the Richter scale August 17, 1959. The after-effect of the earthquake was the formation of a lake, appropriately named Quake Lake. Quake Lake was born when part of the mountainside slid into the Madison River, dropping the earth 19 feet and damming the water, tragically killing 28 people at a nearby campground.

The Earthquake Visitor's Center, staffed by Forest Service, is located on U.S. 287. Hiking trails and campgrounds are also in this area.

WEST YELLOWSTONE

This Montana town was first settled and became an "official" entrance to Yellowstone National Park in 1907, the year the Oregon Short Line branch was completed. In 1908, Samuel P. Eagle and Alex Stuart opened the famous Eagle's Store, a corner-stone of the town to this day. In 1910-11, the West Gallatin Wagon Road was built from Taylor's Fork to the point which it had reached in 1889. Today, West Yellowstone is an active tourist town sitting at the west entrance to Yellowstone National Park. Its newest attractions are the Grizzly Discovery Center and the National Geographic IMAX Theatre, giving visitors the educational opportunity to view grizzly bears and wolves closely.

West Yellowstone Chamber of Commerce 406-646-7701 destinationyellowstone.com

Welcome to YELLOWSTONE NATIONAL PARK

WORLD'S LARGEST COLLECTION OF GEYSERS

Yellowstone National Park, established in 1872 and located primarily in Wyoming, is **America's first national park**. Contained within its borders are more than 2 million acres of natural wonders, wilderness settings, and unique experiences that await park visitors. **Yellowstone National Park sits on top of a dormant volcano and is home to more geysers and hot springs than any other place on earth.**

Yellowstone National Park is home to many species of North American wildlife roaming in a wilderness virtually untouched by modern influence. Visitors are treated to the sights of bison, elk, moose, bear, bighorn sheep, deer, antelope and a myriad of smaller wildlife and birds all living free as nature intended. In their protected habitat, most animals are willing to be watched and photographed from a respectful distance. **Be cautioned these are wild animals and should be treated and viewed as such.**

GEYSER COUNTRY

Home to **more than 10,000 hydrothermal features** in the park Geyser Country consists of **geysers, hot bubbling pools, colorful paint pots and the world famous, Old Faithful**. Don't worry about a no-show; Old Faithful has rarely missed a "performance" in more than 120 years, shooting steaming water into the sky every 81 minutes. You can walk along the steamy Midway Geyser Basin boardwalk to Yellowstone's largest hot spring, **Grand Prismatic Spring**. This 370-foot-diameter, deep blue pool is ringed with yellow-and-orange colored bacteria, giving it a cool prism effect.

Lodging can be found at The Old Faithful Lodge Cabins, The Old Faithful Snow Lodge and Cabins and the National Historic Landmark, Old Faithful Inn. Geyser Country offers a variety of dining options, gift shops, and interpretive sightseeing tours that take you closer to the land that is a reminder of the earth's fiery beginnings. Nearby, Madison Campgrounds have sites for tents or recreational vehicles.

CANYON COUNTRY

The Grand Canyon of Yellowstone is the most breath-taking sight inside Yellowstone National Park. Over 10,000 years in the making by the natural process called erosion and almost **twice as high as the Niagara**, these 20 miles of twisting canyon and sheer rock cliffs have been carved 1,200 feet deep and up to 4,000 feet wide. From several vantage points, you can view the Lower Falls plunging 308 feet steeply into clouds of mist, or the Upper Falls tumbling down 109 feet. You may also visit **Hayden Valley, one of the top spots for wildlife viewing in Canyon Country**. Glaciers have shaped the ancient lakebed and deposited the soil that makes this a supreme wildlife habitat. In Canyon Country you will find dining, cabins, two lodges and campgrounds.

ROOSEVELT COUNTRY

Named after the 26th president, Theodore Roosevelt, who once camped near the area, The Old West comes alive in Roosevelt Country. This is the land of rolling sagebrush, fir, pine, spruce covered hills, and streams full of trout. **The Lamar Valley is perfect area to watch wildlife in their natural habitat roam.**

While in Roosevelt Country stay in the rustic Roosevelt Lodge Cabins, built in the 1920's near Yellowstone's Tower Falls area. Awaken your "Old West" spirit and enjoy horseback trail rides, stagecoach adventures and the popular, Old West Dinner Cookout, where the steaks are tender, breathtaking scenery, and all are friendly.

MAMMOTH COUNTRY

Few of Yellowstone's hydrothermal features have the sheer grace and beauty of **Mammoth Hot Springs**. Mineral-laden hot waters from deep beneath the earth's crust find their way to the surface and build tiers of cascading, terraced stone. Begun thousands of years ago, the sculpturing of the terraces continues as thousands of gallons of water well up and deposit large amounts of travertine daily.

Mammoth Country is home of **the only winter location in Yellowstone that is accessible by automobile**. Located near the North Entrance, the Mammoth Hot Springs Hotel offers comfortable accommodations and exquisite dining in a casual setting.

In winter, miles of Yellowstone back country offer **groomed roads for snowmobilers and cross-country skiing** on tracked trails. Continue your stay in Mammoth Country with **snow coach tours, ice skating and wildlife tours**.

LAKE COUNTRY

In Lake Country, visit one of the world's largest alpine lakes, **Yellowstone Lake**. The lake sits within a large caldera that was born by fire and ice of volcanoes and then carved and filled by glaciers over centuries ago. Lake Country is the realm of native cutthroat trout that migrate into meadow streams to spawn, and you may also watch moose, bison and bear, which will wander the cold shores during the winter time in Yellowstone.

SNOW COACHING

Snow coaches are **a cross between a bus and a snowmobile**. These strange looking machines provide comfortable form of winter transportation into the park. Equipped with heaters, large windows and roof hatches, the snow coach has been transporting winter visitors into Yellowstone National Park for more than 25 years. Snow coaches are equipped with ski racks and room for other equipment. Those interested in cross country skiing or overnight stays may want to take advantage of Yellowstone in the winter.

There are two entry locations for snow coaching in the park – West Yellowstone and Mammoth Hot Springs.

Motels and snow coach reservations must be made in advance. You may book individual seats or charter the entire coach for one day.

SNOWMOBILING & CROSS COUNTRY SKIING

Both cross country skiers and snowmobilers will enjoy the **1,000 miles of trails** available in Yellowstone National Park. The United States Nordic and Biathlon teams train in this beautiful area. The west entrance of the park is only minutes from West Yellowstone, a town where snowmobilers share the streets with motorists.

BOILING RIVER

Located approximately 100 miles from Bozeman, is the town of Gardiner, and the North Entrance to Yellowstone National Park. Just a few miles into the park, visitors will enjoy Yellowstone National Park's most popular soaking area, Boiling River. The 6-foot-wide stream pours over travertine ledges into the swift-flowing Gardner River, where it mixes with cold river water. The water level in the Gardner River determines the temperature of your soak. You may encounter a blast of hot water on your back, while at the same time your toes are shivering in the icy river water, but most bathers eventually find just the right spot for their thermal tastes. Geologists suspect that the Boiling River's 100-yard channel of 140-degree-F hot water is the underground flow from Mammoth Hot Springs, some 2 miles to the south.

Boiling River is the largest discharge of thermal water in Yellowstone, and at times will accommodate 150 people in the warm water. The attractiveness of this soak is no doubt attributable to its easy access from the North Entrance Road, the beautiful location, and excellent soaking opportunities.

RESERVATIONS FOR YELLOWSTONE NATIONAL PARK

Horseback Riding

Seeing the West from the saddle is part of the classic. This activity is enjoyed by individuals of all ages. Several local outfitters offer a wide variety of horseback riding options in the Bozeman Area. Hourly, half-day, or full-day rides can be combined with other activities such as rafting, hunting, and photography.

Wrangler-lead expeditions include everything from leisurely rides through pine forests, sagebrush flats and hanging meadows to more rugged trips up back country switchbacks and over mountain streams. The unparalleled views of the Gallatin Valley wilderness, in addition to the wide variety of wildlife, are likely to make this a memorable family activity.

Boating and Jet Skiing

Boating and Jet Ski enthusiasts in Bozeman are not far from fun! Ennis Lake (50 miles southwest of Bozeman) is formed by the Montana Power dam on the Madison River at the head of the Bear Trap Canyon. The lake is fairly shallow with an average depth of 8 feet, 20 feet at the deepest. This means the water is warm and just right for water sports, particularly in the morning before any afternoon winds. Canyon Ferry Lake (70 miles northwest of Bozeman) is very popular and receives the most use of any lake in Montana, due to its size and location. Canyon Ferry covers 35,181 surface acres and 76 shoreline miles. Harrison Lake (50 miles west of Bozeman), also called Willow Creek Reservoir, fills from water running down the eastern slopes of the Tobacco Roots and also offers scenic boating, waterskiing and jet skiing opportunities.

ATVing

Around Bozeman, off-highway vehicle (OHV, ATV, ORV) enthusiasts have many opportunities to enjoy riding in selected areas according to the rider's skill level. For those who enjoy riding in the open air, ATVs and Side-by-Sides are fantastic ways to get out and see the Montana backcountry. The geography around Bozeman varies from vast mountain ranges to grassy valleys and rolling hills. To learn more about ATV riding trails in a specific area, contact the local public land agency to obtain a map that shows legally designated routes.

River Rafting | Kayaking

The Yellowstone, Gallatin and Madison Rivers, once used by Indians, trappers, and early explorers as access to the mysterious Yellowstone wilderness, now provide excellent recreation for whitewater enthusiasts coming to the Bozeman Area.

Located less than a half hour drive southwest of Bozeman, the Gallatin River offers the most challenging rafting near Yellowstone National Park. The Gallatin is a small river that runs through a rocky canyon, providing incredible views of mountain meadows and towering cliffs. In June, when the water is high certain stretches of the river are class IV+. For people seeking a milder experience, there are many other areas of the Gallatin that offer fun but less challenging rapids. As the water level drops, the intensity of the rapids subsides, but even in August, there are challenging and exciting stretches of this amazingly scenic and magical river. Local outfitters offer half day and full day trips suitable for all levels. It's recommended that only experienced boaters plan for an unguided trip down the Gallatin.

The Yellowstone River runs out of the north entrance of Yellowstone National Park, and commercial rafting is available out of Gardiner, about 1.5 hour drive southeast of Bozeman. The Yellowstone is a big volume river with rolling waves for an exciting ride. The Yellowstone has many different flat water stretches suitable for canoeing, rafting and kayaking.

The Madison River, located west of Bozeman has a one day stretch of class 3-4 whitewater, through Bear trap Canyon. Because of its remote location, this float requires an advance shuttle. Below the Bear trap, flat water sections of the Madison are popular for tubing, canoeing and drift boats throughout the summer time!

Don't miss an opportunity to explore all the amazing views & rivers!

Tubing

By far the most enjoyed activity by the locals! Floating the Madison River is a treasured pastime and a “must do” when you visit the Bozeman Area. The most popular section of the Madison River Float is a relaxing and fun 6 ½ miles. The float parallels Hwy 84 through the Madison Canyon about 24 miles west of Bozeman. The fun begins at the Warm Springs put-in and end either after 6 ½ miles at the Blacks Ford take-out or, for a more adventurous trip, ends after 11 miles at the Greycliff camping and day-use area. If you wish to get a little more off the beaten path, try floating the Jefferson River in the Three Forks area.

The Nation's Finest Trout Fishing

2020 NON-RESIDENT FISHING LICENSE FEES (subject to change)

2-Day License (consecutive days): \$25

10-Day License (consecutive days): \$56.00

Season License: \$86

Conservation License: \$10 (required to purchase fishing or hunting licenses)

Aquatic Invasive Species Prevention Pass: \$15 (required to fish each year in Montana)

FISHING LICENSE INFORMATION

Licenses can be obtained at the Fish, Wildlife and Parks office or at most fishing and sports stores. Non-residents should check with Montana Fish, Wildlife and Parks for specific licensing requirements.

<http://fwp.mt.gov/fishing/license/applications.html#fishing>

If you have lived in Montana six months or longer, you are considered a resident and may apply for a resident license with certain requirements.

LICENSE REQUIREMENTS

To fish in Montana, anglers need their conservation license, Aquatic Invasive Species Prevention Pass, and a fishing license.

A conservation license is needed before you can buy any fishing or hunting licenses that Fish, Wildlife and Parks (FWP) issues.

Conservation license applicants are required to provide their social security number in addition to information usually requested.

A valid driver's license or a valid Photo ID is required to purchase a license. A fishing license allows a person to fish for and possess any fish authorized by the state's fishing regulations. It is nontransferable and nonrefundable. The license enables one to fish from March 1 through the end of February of the following year.

FISH TECHNOLOGY CENTER

A tour of this center shows dedicated staff performing research of fish cultural techniques, fish diseases, fish-fed development and testing, broodstock diet testing, and fishery management. Technical assistance in these areas is provided to federal and state fisheries agencies and the private sector throughout the United States.

4050 Bridger Canyon Rd.,
Bozeman, MT 59715
406-587-9265

CATCH & RELEASE

The practice of catch and release is one that has grown extremely popular among Montana trout fishermen and has proven to be one of our best means of ensuring the quality of our fisheries for years to come. Important steps to releasing fish without harm include using barbless hooks, keeping fish in the water while removing the fly, wetting hands before handling fish for a picture, and avoid battling fish to exhaustion. When handling fish, cradle the trout gently with the hands under the belly and avoid squeezing fish – they do not bite! If reviving a fish is necessary, hold the fish gently with its head into the current until it swims away on its own.

MONTANA TROUT FLIES

Early Season Selection (April 1 - June 1)

NYMPHS: Black Stone Fly (#2-#4) Bitch Creek (#2-#6) Prince Nymph (#10-#14)
DRIES: Blue Wing Olive (#12-#18) Midges (#18-#24) Adams (#14-#16)

STREAMERS: Blue Wing Buggers (#2- #6) Zonkers (#2-#6)
Marabou Muddlers (#2-#6)

This is just a partial listing- check with a guide to see what's biting!

"From the pocket water of Gallatin Canyon to the long riffles of the Madison and the classic runs of the Yellowstone, it doesn't take long for an angler to realize that southwestern Montana is home to some of the nation's finest trout fishing. Centrally located, Bozeman offers prime access to each of these blue-ribbon streams, not to mention an endless array of smaller stream and stillwater options. Native cutthroats, wild rainbows and browns are abundant in most area waters and are ripe for the picking almost year-round. Be it winter or summer, opportunities are widespread — check with local shops for updated information on current conditions and guided trips."

— Dave McKee, Bozeman Daily Chronicle columnist

Aquatic Invasive Species

PROTECT MONTANA WATERS - GET AN INSPECTION

To protect against the spread of aquatic invasive species, Montana law requires anyone coming into the state carrying or towing watercraft (motorized and non-motorized) to get an inspection before launching.

Montana law states:

- Persons transporting watercraft must stop at all open watercraft inspection stations as directed by signs.
- Persons transporting watercraft from east to west over the Continental Divide must be inspected.
- It is illegal to transport AIS into or within Montana.
- It is unlawful to transport baitfish into Montana. Leeches may be imported if purchased from an approved dealer and accompanied by a receipt.
- It is unlawful to move live fish, aquatic invertebrates, or plants from one body of water to another.
- It is unlawful to release any live aquarium fish.
- For more information call: 406-444-2440
- Visit: www.CleanDrainDryMT.com
- Facebook: Protect Our Waters Montana

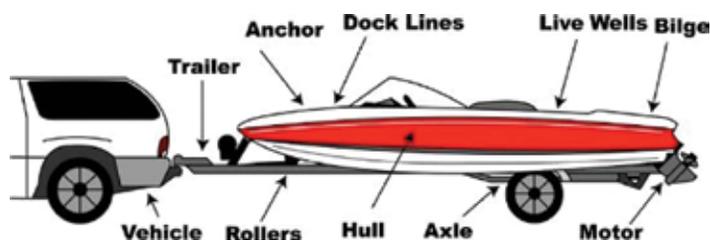

Keep your boat and gear clean and free of debris.

Clean, drain and dry your boat and gear between uses to stop the spread of aquatic invasive species such as zebra mussels, invasive weeds, and disease-causing organisms.

Aquatic Invasive Species (AIS) are organisms that are unintentionally brought into Montana from other places. These include clams, fish, mussels, plants, weeds, and disease-causing pathogens.

AIS are not wanted here. They overwhelm lakes and rivers, kill fish and plants, and damage the delicate ecosystem that keeps our waters clean and abundant. AIS harms our recreational and agricultural resources by damaging boats and gear, clogging water pipes and hydropower facilities, jamming community water sources, and choking off irrigation systems.

AIS can be spread when anglers and boaters fail to clean, drain and dry their watercraft and fishing gear when moving from one body of water to another.

This illustration shows the key areas to **Clean, Drain & Dry** on any watercraft.

How to Prevent Spread

Be aware that aquatic diseases and invasive species can easily spread from one water body to the other. Anglers, boaters and their equipment can transport these pests. It takes only one mistake to infest a new area. To protect Montana's waters and native aquatic species, please follow these guidelines:

1. CLEAN

Completely remove all mud, water and vegetation from your boat, trailer, anchor, waders and other fishing and boating gear. Pay attention to crevices and hidden areas.

2. DRAIN

Remove the drain plug before leaving the access area. Drain all water from watercraft including the bilge, live well, engine, internal compartments and bait buckets. Draining remove small and invisible organisms, such as invasive mussel larvae, that can be found in standing water.

3. DRY

Aquatic invaders can survive only in water and wet areas. By drying your boat and fishing equipment thoroughly, you will kill most invasive species. The longer you can dry out your boat, trailer, waders, wading boots, and other equipment between trips, the better.

Marry Me *in* Montana

Montana Marriage Laws

Residency Requirement: Do not have to be a resident of Montana.

Waiting Period: Montana law allows you to get married immediately after officially receiving your marriage license. No waiting period is necessary unless under the age of 18. Montana marriage licenses expire after 6 months. If your license expires before you wed, you may reapply for another license.

Fee: \$53.00 – Cash Only

Hours: Monday through Friday, 8:00am to 4:30pm

ID Requirements: Certified copy of birth certificate

If divorced: A certified copy of the divorce decree is required.

Proxy Marriage: Allowed

Copy of Certificate of Marriage: Department of Health and Human Services, Vital Statistics Bureau, 111 N. Sanders, Room 205, Helena, MT 59620, 406-444-4228

Ministers: Ministers of the gospel of any denomination may perform marriages. Ministers must complete and return a marriage certificate to the clerk of district court within 30 days after the marriage. **Clerk of District Court:** 406-582-2165

Judges: Judges perform weekend weddings with ample notice. The cost is \$125-150 plus mileage. Please schedule with plenty of notice by calling 406-582-2191.

Justice of the Peace: In-Chambers weddings are performed from 9 a.m.-noon or from 1-4 p.m., Monday-Friday. Appointment needed, call 406-582-2191. Please bring \$30 cash or Montana check and two witnesses.
