

# Implementation Model Options

It is recommended that you choose one of the three implementation models below for your district or school. Modifications can be made to fit your needs.

To view the entire Online Safety unit and how it meets CIPA topics, view the EasyTech Online Safety CIPA Requirements Guide at <http://support.learning.com/product/easytech>

## Option 1: Instruction Every Year

Teach one or two lessons per grade so that students are educated about required CIPA topics every year.

### Instructional Notes:

L	Lessons are interactive, guided practice on key concepts. Students receive instant feedback as they progress through each lesson.
D	Discussions are teacher led and can be assigned and graded, but are not visible to the student.
AE	Application Exercises are facilitated by the teacher. Teachers can assign and respond online to student submissions.
<i>All curriculum items come with a complete lesson plan.</i>
