

# Project NextTech: TA-TEKS Alignments

Project NextTech activities and projects address as a whole all strands of the Fundamentals of Computer Science TA-TEKS. You can view these standards at: <http://ritter.tea.state.tx.us/rules/tac/chapter126/ch126c.html#126.32>.

COURSE PART A																																																							
Unit 1: Getting Started	1a	1b	1c	1b	1c	1d	1e	1f	1g	2a	2b	2c	3a	3b	4a	4b	4c	4d	4e	4d	4f	4g	4h	4i	4j	4k	4l	4m	4n	5a	5b	5c	5d	5e	5f	6a	6b	6c	6d	6e	6f														
Introduction to Course (Part A)	N/A																																																						
Projects Overview	N/A																																																						
Creating a Digital Portfolio							X					X		X																																									
Introduction to Computers and the Internet																																						X		X	X		X												
Software Applications																																																							
Mobile Technologies																																																							
Troubleshooting hardware and software																																																							
Unit 2: Cyber Safety and Digital Citizenship	1a	1b	1c	1b	1c	1d	1e	1f	1g	2a	2b	2c	3a	3b	4a	4b	4c	4d	4e	4d	4f	4g	4h	4i	4j	4k	4l	4m	4n	5a	5b	5c	5d	5e	5f	6a	6b	6c	6d	6e	6f														
Cyber Safety and Digital Citizenship Unit Intro	N/A																																																						
Digital Citizenship																																																							
What's the Risk?																																																							
Computer Safety and Security- Spam, Scams, and Viruses																																																							
Safe and Effective Online Communications																																																							
Unit 3: Online Tools	1a	1b	1c	1b	1c	1d	1e	1f	1g	2a	2b	2c	3a	3b	4a	4b	4c	4d	4e	4d	4f	4g	4h	4i	4j	4k	4l	4m	4n	5a	5b	5c	5d	5e	5f	6a	6b	6c	6d	6e	6f														
Online Tools Unit Intro	N/A
