SSC MEETING MINUTES

AGENDA ACTIONS TAKEN NOTES Call to Order Meeting #1 Minutes Approval

Approved – Lachelle Lewis Seconded – Tashery Rizzo School Goals Update Continue with 2 more
practice assessments
prior to SBAC Review of Curricula Parents leaned more towards Eureka because of the sequence it
provides. Bridges looks very engaging but may be difficult to manage for novice teachers. Possible
consideration: Bridges or another hands-on curriculum for younger grades and shift to Eureka or Eureka
from Kindergarten through the end of elementary. Parents were excited about ensuring that Science is a
core block.

- S.Kelly – consider making Thursday Minimum Day as a Science/PBL day once per week. Possibly
consider rotation of units of study from math 2 units to science for 1 unit and continue through the rest of
the year.

LCAP/ESSA Approval Approved – Lachelle Lewis

Seconded – Tashery Rizzo Next Steps Change the Last Meeting for SSC
for May 30th from 5-6pm
