

OZTEK CORP. WILL EXHIBIT AT APEC 2016 – APPLIED POWER ELECTRONICS CONFERENCE and EXPOSITION

MERRIMACK, NH – 02/26/2016 – [Oztek Corp.](#) a global provider of innovative, digital controlled power solutions for OEM applications, will exhibit at APEC 2016 -Applied Power Electronics Conference and Exposition on March 21-24, 2016, at the Long Beach Convention Center in Long Beach, California. OZTEK’s booth number is 1652.

Oztek will showcase their OZip, Intelligent Power Module, which elevates integrated power to the next level. While others claim Intelligent Power, OZip goes way beyond simple digital protection and fault management with the inclusion of a 32-bit floating point processor running highly configurable, application-optimized control code. Choose inverter, motor drive, or DC/DC controls, and let OZip accelerate your time to market while simultaneously reducing your development cost and risk.
