

Intelligent Leads

An unmatched view of the market.

Make it your own

Instantly display relevant information with the most visual, results-focused platform available. Design the dashboard to fit your operations with easy drag and drop.

Plan with precision

Stay alert to project, company and competitor activity, so you can gain a competitive edge. Harness powerful notification tools, including company activity alerts.

Discover best opportunities

Identify projects that mean the most to your business, so you can target high-value opportunities. Uncover potential projects through fully-searchable plans, specs and schedules.

Intelligent Leads on the Insight platform gives you a uniquely clear view of construction project opportunities. With intuitive filtering tools, dynamic search results and powerful alert options, finding the best target projects and companies has never been easier!

Intelligent Leads puts valuable information at your fingertips. Fully searchable plans, specs and schedules options help you find projects you might otherwise miss. Our exclusive RSMeans-powered Material Demand gives you insight into best project opportunities, so you can concentrate on projects that mean the most to your bottom line. And for the first time ever, you can access the complete U.S. and Canada database with just one login.

With a completely new ability to access, prioritize, plan, share and act upon the most profitable projects, Intelligent Leads delivers visibility into opportunities that fit your business like never before.

Why choose ConstructConnect?

ConstructConnect is the only data provider with national U.S. coverage and the strongest Canadian coverage available. We are also an Innovation Partner of the AIA, which means we track more private projects from the earliest information sources—owners and architects.

We fully digitize all documents, including plans and specifications, giving you access to product needs much earlier in the project cycle. From our dedicated source specialists for the latest extraction technologies, ConstructConnect uses all possible resources to give you the most accurate, dependable project information available.
