SQUAD
Digital Workplaces

stitch [DX]

The
Digital Workplace.
For Everyone.

SQUAD brings the power of enterprise level intranet and collaboration to any organization. Unify all content, data, intelligence, and communications across every aspect of your business. Build digital experiences that drive productivity, communication and collaboration for every team in your organization. And, with a rapid deployment process, your teams will be up and running in no time.

SQUAD is right for you if your business...

- has less than 1,000 employees
- wants to maximize its Microsoft O365 investment
- will benefit from the power of a modern digital workplace

Better collaboration and communication across your entire workforce. Right out of the box.

Drive Collaboration
Improve productivity, collaboration and mobility with seamless Microsoft O365 integration.
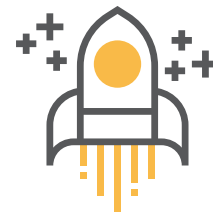

Enable Communication
Empower users to deliver quality content, quickly, to the right audiences, at the right time.

Reinforce Brand
Drive brand clarity and ensure effective adoption across your organization.

Get Started Faster
Customize and configure modular layouts with expert support to launch and train users.
