

# 5 WAYS TO SAVE ON LTL SHIPPING

## SUBMIT TENDERS IN ADVANCE

THE MORE TIME YOU ALLOW A 3PL TO ARRANGE YOUR LTL SHIPMENTS, THE MORE OPTIONS IT CAN FIND TO SAVE COSTS.

## COMBINE WITH RAIL

IF YOU HAVE AN LTL SHIPMENT THAT IS NOT TIME-SENSITIVE, YOU CAN COMBINE IT WITH RAIL AND OFTEN SEE SUBSTANTIAL SAVINGS.

## REGULAR REPEAT FREIGHT

IF YOU HAVE THE SAME WEEKLY SHIPMENT IT CREATES “ANCHOR FREIGHT” WHICH ALLOWS A 3PL TO OPTIMIZE AND MANAGE MULTIPLE LOADS AROUND THAT FREIGHT IN ADVANCE.

## COMMUNICATE

MAKE SURE THAT PURCHASE ORDERS ARE CORRECT, CONTACT INFORMATION FOR THE SHIPMENT IS UP-TO-DATE, AND DETAILS ARE SPECIFIED ON THE BOL. THIS CAN SAVE TIME, WHICH SAVES MONEY AND DETERS LOST OR MIS-DELIVERED FREIGHT.

## CONTRACT RATES

NEGOTIATE QUARTERLY OR ANNUAL RATES WITH YOUR 3PL. THIS WILL GIVE YOU AN ADVANTAGE WHEN MARKET CONDITIONS GET TIGHT AND CAPACITY SHRINKS.
