

TRANSPORTATION INTELLIGENCE

GAINING THE EDGE IN YOUR SUPPLY CHAIN

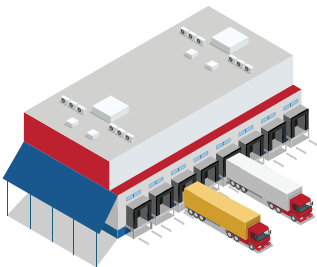

The \$ Trillion dollar transportation market has thousands of options and having the right partner with powerful solutions will make happy customers and a strong bottom line. Only **20%** of providers will give you visibility into your shipments **80%** of the time. Choptank maintains that number, with the most powerful technology in the industry, **94%** of the time. Finding the right provider will give you great customer service and the tools to succeed.

MARKET INTEL

Stay up-to-date on market forecasts, breaking news and specific lane pricing from your desktop or phone!

IDENTIFY PAIN POINTS

Drill down into your supply chain and identify long dwell times and inefficiencies.

TRACK & TRACE

Using GPS gives you **visibility** into your shipment at all times to improve customer service and your bottom line.

OPTIMIZE

You pay for each square foot of that truck. Make the most of it with our proprietary algorithms.
