

.....TEACHERS AND PARENTS

CHALLENGE YOUR STUDENTS TO CREATE THEIR OWN MATH GAME!

The Game-a-thon challenges students of all grade levels to design and build their own math games - including: **board games, card games, computer games/apps**, and any other games they can think of!

Participants are awarded for high levels of creative design and deep math content, and empowered to:

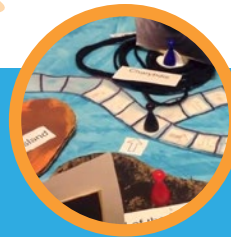

- Think critically and creatively about math
- Explore game design principles
- Solve problems to complete a project
- Collaborate within a team and with a mentor
- Communicate through a video presentation

CREATE YOUR GAME TODAY! JUST FOLLOW THESE STEPS:

DESIGN & BUILD

a math game

FILM & UPLOAD

a video demonstration

SUBMIT & SHARE

to the Game-a-thon website
(from 3/1/17 - 7/1/17)
