

Gilroy Prep: Leading Achievement in California with ST Math®

Students at Gilroy Prep, a charter school in the Gilroy Unified School District, earned top marks on California's high-stakes mathematics tests for elementary schools. When compared to similar schools statewide, Gilroy Prep ranked second in the state in 2013 STAR scores for third grade math, with 82 percent of their third grade students ranked as "advanced" in their math proficiency.

3rd Grade Math Proficiency Scores

Third grade mathematics scores of "proficient" and "advanced" (combined) were 31 percentage points above the California statewide average.

When compared to similar elementary schools across the entire state of California, Gilroy Prep scored second in the state for students identified as "proficient" and "advanced".

Gilroy Prep continues to move students from a ranking of "proficient" to "advanced."
