Really Cool Washable Keyboards

## **MAN AND MACHINE SEALED MEDICAL KEYBOARDS**

Really Cool Keyboards are water-resistant and contaminant proof, with tactile feedback keys. The sealed and rigid surface is ideal for medical use. The Really Cool keyboard is an excellent choice when you use gloves while typing. This keyboard can be equipped with Mag-Fix, which has a magnetic attachment for metal keyboard trays, and/or Backlit features. It can be locked for easy cleaning.

LCool Value Keyboards

## **MAN AND MACHINE WASHABLE VALUE KEYBOARDS**

The LCool "Value" keyboard looks and feels like a normal keyboard. It can be rinsed out and even submerged in water. The inside of the keyboard is sealed to protect it against fluids such as water or coffee, and even most cleaning materials. A popular choice with medical professionals.

Mighty Mouse

## **MAN AND MACHINE WASHABLE MICE**

The Mighty Mouse 5™ and Petite Mighty Mouse - Waterproof, Hygienic Optical Mouse. The Mighty Mouse is full sized and features a 5-button design for right & left clicking and scrolling up and down just like a conventional non-waterproof mouse. These waterproof and chemically resistant mouse can be disinfected with standard cleaners and disinfectants, alcohol and even a 10% bleach solution.

Backlit or Magnetic Keyboards

## **SEAL SHIELD WATERPROOF & INFECTION CONTROL KEYBOARDS AND MICE**

Full-size, spill-proof keyboards with features like Wireless or USB connections, or Backlight for use in darkened patient rooms. Seal Shield Keyboards and mice are dishwasher safe and contain an antimicrobial, fungistatic agent which protects the product and keeps it cleaner and fresher by inhibiting the growth of microbial bacteria, mold, mildew and fungi on the product's surface.
