

# CERTIFICATION VS MBA DEGREE

## RICS SBE SPECIALISED MBA

A specialised MBA degree, with unparalleled immersion into the world of built environment.

Recognised by the Ministry of Urban Affairs, UGC & accepted worldwide

Industry-led curriculum with hands-on experience. This makes you future-ready to help you excel in your career.

You are industry-ready. Post-completion you are ready to start your career and work your way to the top.

Learn from renowned academicians from all over the world and industry veterans.

Linkages with universities in Asia, UK, Australia and US enable our students and faculty to engage in semester exchange, summer programs, travelling studios and research.

SLING is an integrated, interactive platform where all our students engage in various activities and imbibe important skills such as networking and teamwork. This includes several clubs.

## CERTIFICATION PROGRAMME

Ordinary certification programme. NO degree or diploma awarded.

Not recognised by UGC or government bodies.

Mere theoretical knowledge of industry which become difficult to put into practice on the job.

You need to acquire membership of various National and International Certifying Bodies post completion.

Professional and accomplished professors.

Academic alliances with universities in India and 3 other countries.

A number of different activities & clubs as an avenue for students to showcase their immense talents.
