

HOW TO USE NIGHT CLOCK FOR THE KINDLE FIRE HD

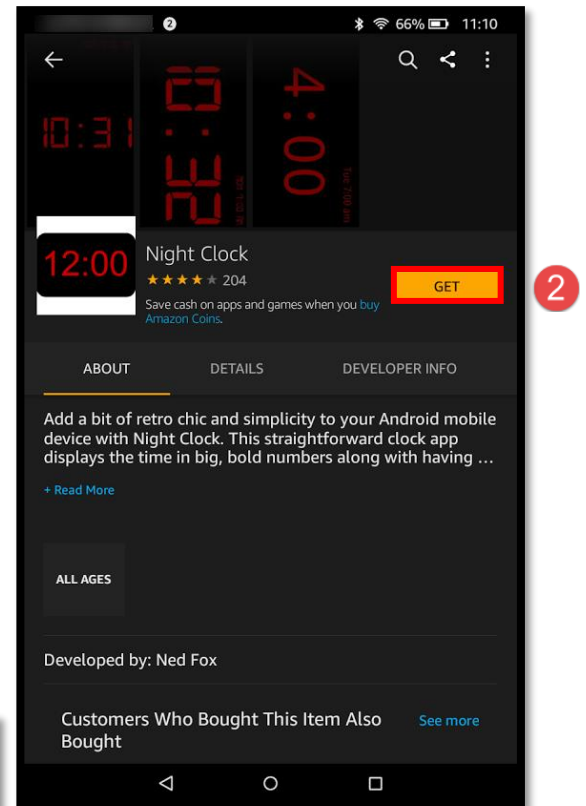

Turn your Kindle Fire into a HUGE clock that you can easily see from across the room.

1. From the App Store, search for “Night Clock”

2. Tap on “Night Clock” to download.

3. Launch **Night Clock**.

4. Tap the **option** button to access the options for Night Clock.

USING NIGHT CLOCK FOR KINDLE

5. Tap **Alarm** to set an alarm for the clock.
6. Tap **Font** to change the font of the clock.
7. Tap **Color** to change the color of the clock

8. Tap **Advanced Settings** to make further changes.
