

STOP GAME REQUESTS ON YOUR IPHONE

There are very few things as annoying than your mobile phone or tablet device buzzing to tell you that a friend wants you to play “Candy Crush” or “Farmville,” or whatever the latest game craze is on Facebook. Here’s how to stop those bothersome notifications.

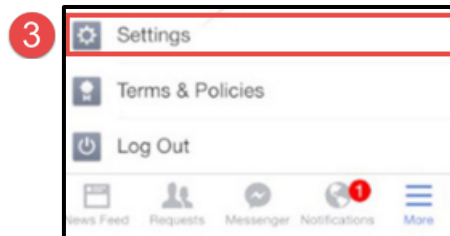

1. Launch **Facebook**.

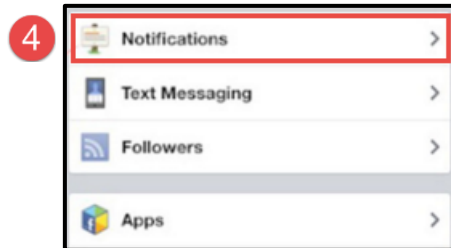

2. Tap on the **More** button.

3. Tap on **Settings**.

4. Tap on **Notifications**.

5. Tap on **Mobile Push** under the **How You Get Notifications** section.

6. Uncheck **Application Requests** and **Application Invites**.
