

TWITTER REFERENCE MATERIALS

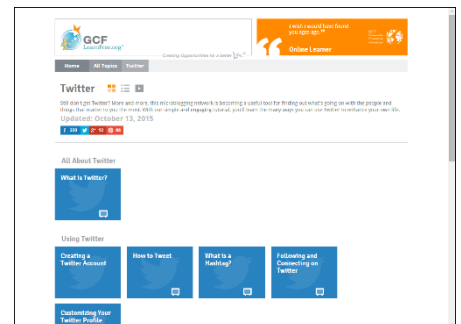

For additional assistance, keep these websites/tutorials in mind.

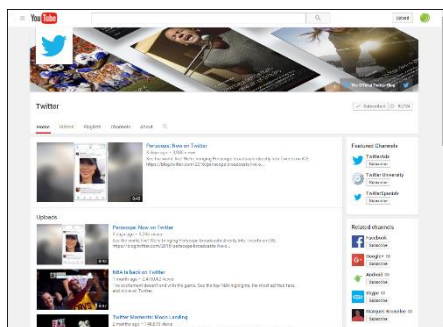

<https://support.twitter.com/> : This is the official support site of Twitter that can help users get answers to common questions on how to use the basics of Twitter.

<http://www.gcflearnfree.org/twitter101> : This site has numerous tutorials on everything from how to create an account to how to manage/edit your profile to how to tweet, in addition to many other features.

<https://www.youtube.com/twitter> : This is Twitter’s official YouTube site. Here you will find extensive YouTube videos on how to get started using Twitter, as well as how to become a “power user.”

Of course, you can always login to www.google.com and do your own searches on how to use Twitter.

NOTE: Inviacom is not affiliated with any of the websites listed here. We are providing you this information simply to help you become better acquainted with using Twitter.
