

CONNECT TO RESIDENT WI-FI NETWORK

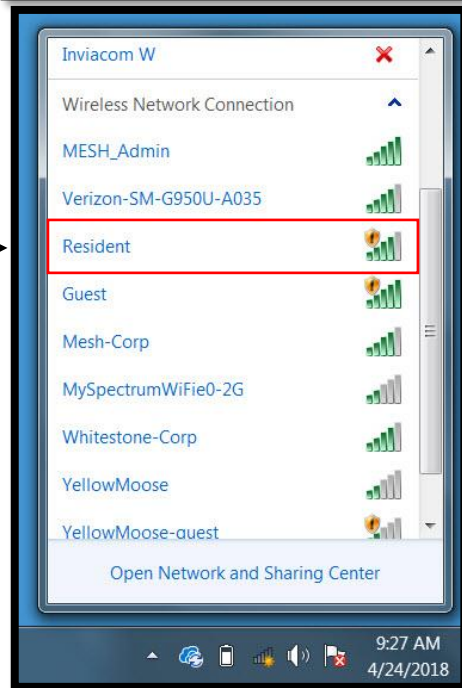

The following documentation will show you how to connect to the Resident Wi-Fi network for a Windows 7 – Windows Vista machine.

1. From your *System Tray*, click your **Wi-Fi Network** icon. →

2. From the list of available Networks, click **Resident** to connect. →

3. On the Splash page that appears, enter your **Username** and **Password**, then tap **Login**. →

A screenshot of a login splash page. The background is dark grey. At the top, the text "PLEASE ENTER YOUR USERNAME AND PASSWORD" is displayed in white, bold, uppercase letters. Below this, there are two white input fields: "Username" and "Password". Each field has a small "..." icon on the right side. At the bottom, there is a green button with the word "Login" in white text.

NOTE: If you do not know your Username and/or Password, contact the Inviacom Support Desk at: **1-800-291-4411**
