

# USING THE HELP MENU

Most computer programs come with built-in help topics to assist you, in case you need it. This document teaches you how to access that help.

## WHAT VERSION OF SOFTWARE AM I USING?

1. To check what version of software you are using, open the program, and from the **Help** menu, select **About**.

## THE "F1" KEY

1. To access the Help topics from within a program, open the program and press the **F1** key on your keyboard. **F1** is the universal "HELP" key.
