

HIDE YOUR ONLINE STATUS (FROM YOUR COMPUTER)

You may have a friend constantly trying to chat with you if they see that you are on Facebook. You can hide your online status so that friends will not know you are online.

1. Open Facebook. Click the **Options** button in the lower right corner.

2. Click **Advanced Settings**.

3. From here you can turn off chat for certain friends, all friends, etc.. Click **Save** when done.
