

**NEUTRALIZATION TANK ACCESSORIES**

**ADDITIONAL CHARGES FOR TANKS CONTINUED (if necessary):**

**MANHOLE ASSEMBLIES (Easy Access Manholes) COME IN THE FOLLOWING SIZES:**

- 22"
- 16"
- 11"
- 8"
- 6"
- 4"

Other manhole and manways are also available.

**TANK EXTENSIONS:**

You may order an extension to any tank, to increase the overall height of the tank, at the following additional cost: Double the base tank list price from about one inch extension to up to almost double the base tank height. **EXAMPLE:** #NT-55 has a I.D. height of 36". It can be ordered from about 37" O.D. to about 71" O.D. for twice the #NT-55 tank list price. For higher extension, consult the factory on pricing. Special traffic covers are extra. Standard tank covers are not designed for any traffic or load bearing. Special covers are needed for flush floor, in ground installations.

**HEAVY-DUTY TRAFFIC COVERS: (In lieu of standard covers) \*INQUIRE ABOUT PRICING**

(1/2" white PP with recessed bolts & anchoring nuts)

#NT-5	thru	#NT-55
#NT-100	thru	#NT-300
#NT-350	thru	#NT-650
#NT-700	thru	#NT-1100
#NT-1200	thru	#NT-3000

**HEAVY-DUTY TRAFFIC COVERS: (In lieu of standard covers) \*INQUIRE ABOUT PRICING**

(1/8" steel with primer coat over 1/2" white PP with round-head slotted bolts & anchoring nuts)

**HEAVY-DUTY STEEL MANHOLE ASSEMBLIES WITH 3/8" MINIMUM DIAMOND-PLATE STEEL COVERS:**

**Check with factory for frame height (which may be extended in the field).  
(Standard covers on tanks, located below these steel manhole assemblies.)**

**VEHICULAR TRAFFIC COVERS  
(MANHOLE FRAME AND ASSEMBLIES)**

18" <u>diameter</u> round for smaller units only:	<i>(weighs approximately 100 lbs.)</i>
24" <u>square</u> for #NT-5 only:	<i>(weighs approximately 100 lbs.)</i>
30" square <u>or</u> diameter for #NT-15 to #NT-30	<i>(weighs approximately 150 lbs.)</i>
36" square <u>or</u> diameter for #NT-55	<i>(weighs approximately 200 lbs.)</i>
42" square <u>or</u> diameter for #NT-100 to #NT-175	<i>(weighs approximately 300 lbs.)</i>
48" square <u>or</u> diameter for #NT-200 & NT-300	<i>(weighs approximately 400 lbs.)</i>
54" square <u>or</u> diameter for #NT-275	<i>(weighs approximately 500 lbs.)</i>
60" square <u>or</u> diameter for #NT-350, #NT-550 & #NT-650	<i>(weighs approximately 750 lbs.)</i>
66" square <u>or</u> diameter for #NT-500 & #NT-700	<i>(weighs approximately 1,000 lbs.)</i>

**NOTES:**

- Check with factory for special or larger assemblies.
- Square manholes recommended in most cases.
- Round gasketed & bolted (water tight units available, at extra cost).
