THREADED POLYPROPYLENE (PP) VALVES

Ask for technical sales literature on these T&C low-cost, lightweight, heavy-duty valves. Standard valves are black in color. The ball valve bodies are made of glass reinforced PP: while the balls of the valves themselves are made of natural, un-pigmented PP. Standard plug valve themselves are made of regular black PP material. If natural, un-pigmented (translucent) PP ball or plug valves are desired, they are available on special order, at additional cost (multiplier) listed below. Also, natural PP valves can be ultrasonically cleaned and individually bagged on special order, at the other additional cost (multiplier) listed below.

MODEL #	VALVE SIZE
PPV-050T	1/2"
PPV-075T	3/4"
PPV-100T	1"
PPV-125T	1 1/4"
PPV-150T	1 1/2"
PPV-200T	2"
PPV-300T	3"
PPV-400T	4"

****LARGER VALVE SIZES AVAILABLE UPON REQUEST.**

NOTES: Threaded valves are available only at this time. Flanges and socket adapters are available at extra cost. Dimensional data on valves is available upon request. Use Teflon™ tape or paste on all threaded connections. Viton™ O-Rings are furnished as standard components.
