1.6. Component Information

Component	Release	Support Package	Description
UGIRMP	100	00	MDG RFM Mass Processing by Utopia

2. Preparation

Ensure that the following steps are executed.

- You must have already installed minimum Utopia RFM 9.0 SP1 or RFM 9.1.
- Making all packages and tools available

Mandatory Utopia components and minimum Support Package Levels

- UGI4 900 SP1
or
- UGI4 910

For more information on prerequisite guides, see the relevant guides on <http://help.sap.com>. For example, if you are looking for RFM 9.1 Installation Guide, search for "MDG RFM 9.1 Installation Guide"

For information about general availability and other SAP notes, refer to release strategy note:

[2475902](#): SAP Master Data Governance, retail and fashion management extension by Utopia 9.1 S/4HANA 1709 Release Information Note.

For passwords refer to info section of software packages in software download center. For UGIRMP component or software purchased directly from Utopia password would be shared by Utopia.

2.1. Process Flow

To perform installation/update/upgrade, use the following steps:

2.1.1. Installing Add-on through SAINT Transaction

Once RFM 9.0 SP1 or RFM 9.1 has been installed, you can install the RFMMP Add-on and the support package via transaction SAINT. Download the software shared by Utopia

2.1.1.1. Option Software Provisioning by Utopia

In the event you received the software directly from Utopia, use the following steps.

1. Download the software from URL shared by Utopia.
2. Download all packages to directory <DIR_TRANS>/EPS/in.
3. Extract the downloaded files in the same location: Directory <DIR_TRANS>/EPS/in.
4. Save the stack.xml.
5. Call transaction SAINT and choose Start > Load to upload the Packages from the EPS inbox. After upload is finished > choose Back and Start again.
6. Select the add-on component SAP Master Data Governance, Retail and Fashion Management extension by Utopia by providing stack.xml and choose Continue.
7. If all the necessary conditions for importing the add-on are fulfilled, the system displays the relevant queue. The queue consists of the add-on packages. It can also contain Support Packages and other add-on packages.
8. Choose Continue to start the installation process.
9. For general information, call transaction SAINT and choose 'Info' on the application toolbar.
10. The system prompts you to enter a password for SAP Master Data Governance, Retail and Fashion Workstudio extension by Utopia. Request Utopia support for the password information if not already secured.

If you do not already have the above prerequisite components, refer to Installation Guide of RFM 9.1 or RFM 9.0 SP1 available in <http://help.sap.com>.

2.1.2. Addon De-Installation

Uninstallation of RFW is supported via SAINT, although it requires manual steps before executing the uninstallation from SAINT. Refer to RFW Uninstallation guide for details on uninstalling the component.

3. Post installation

3.1. Language Support

As of release RFW 1.0 of the SAP Master Data Governance, Retail and Fashion Workstudio extension by Utopia, the following languages are supported:

- English (default)
- German
- Spanish
- French
- Italian

The SAP Master Data Governance, Retail and Fashion Workstudio extension by Utopia™ is delivered with English as the default language. The above language packages can be imported through the [SMLT](#) transaction.

Contact Utopia for any other language support requirements.

For information about subsequently installing further languages in your system, see Note [195442](#).

3.2. Known Limitations and Errors

- No known limitations.
- No known errors.

Report any error through an SAP Incident under the component "XX-PART-UGI-RFW".
