

Mike Zamora

CREIF, SLCR, MCR Managing Director Asia Real Estate Advisors

Mr. Zamora is currently the Managing Director at Asia Real Estate Advisors, which provides portfolio and locational strategy for Corporations, along with due diligence, financial and advisor services for Real Estate Investment Companies and Funds throughout the Asia Pacific Region.

His experience encompasses many functions in the real estate industry and many geographies. For the past 20+ years he has worked on real estate projects throughout the entire Asia Pacific Region.

He has worked in the Corporate Real Estate arena, where he helped Cisco develop a 10,000+ person / 2.5 million sf campus in India. He also planned a 3,000+ person campus in Sydney, Singapore and Shanghai. While at Cisco the portfolio consisted of 70+ location in 13 countries in approximately 5.3 million square feet.

Mr. Zamora was also a Director at Brooke International where he provided real estate consulting services for clients throughout the Asia Pacific region. When he initially arrived in Hong Kong, he was the Vice President for Koll Asia Pacific, a US based real estate development company. At Koll he oversaw the development of a 300 room hotel project in China and a 1,200 acre new town development in Thailand. While in the US, Mr. Zamora worked for the Koll Company as an Asset Manager for a 1.5 million square feet mixed use project.

He started his career in the US, working in the fields of: Architecture, Development and Real Estate Finance. Mr. Zamora is still a registered Architect in the US. In addition to working throughout Asia, Mr. Zamora has also worked in London, Boston, New York, Newport Beach and Phoenix.

Mr. Zamora previously served on the Harvard Business School of Hong Kong Association's Board of Directors. He has also served on CoreNet's Global Board of Directors. He has spoken at MIPIM and other real estate conferences. He has taught multiple real estate courses throughout Asia, Europe and the US for real estate professionals. His real estate articles have been published in various real estate journals.

He graduated from Harvard Business School with a Master of Business Administration and attained his Bachelor of Architecture degree from Arizona State University.
